FIRST LADY OF LAND FLYING OVER TEXAS; BREAKFASTS DALLAS

MRS. FRANKLIN D. ROOSEVELT EN ROUTE TO VISIT SON IN CALIFORNIA

DALLAS, June 5.—(AP)— Mrs. Franklin D. Roosevelt flew over the broad expanses of West Texas today en route to Tucson, Ariz., and Los Angeles, to visit her son, Elliott. At 2 o'clock her plane had passed Abilene, heading for El Paso.

She completed a long overnight trip from the north shortly after 8 o'clock when she landed at the Municipal Airport, met relatives, had breakfast with them and friends and continued westward an hour and 20 minutes later.

Among those who greeted her at the field where Gov. Miriam A. Ferguson, and her husband, James A. Ferguson, a former governor of Texas.

There were some speculation over why the governor did not attend a breakfast for the first lady of the land at the flying field but she explained that she and her husband had come from Austin to welcome Mrs. Roosevelt and had no expectation of participating in the meal.

When Mrs. Roosevelt left Washington, she planned to have her cousin, Mr. and Mrs. Lawrence Waterbury, Jr., of Tyler, Tex., at the breakfast but when the plane on which she rode from Kansas City was delayed by head winds she accepted the invitation of Amon G. Carter, Fort Worth publisher, to be his guest here.

Gov. Ferguson denied at her [illegible] that she and her [illegible] had not been accorded [illegible] due their rank and said [illegible] unpleasant incident occurred while they were at the field.

[illegible] introduced the governor and her husband to Mrs. Roosevelt and the four chatted for a few minutes. Then, as breakfast was [illegible] in a second floor room of the airport office building, the Fergusons left by automobile for their hotel, to remain until time for their train to leave for Austin.

Photographers were unsuccessful in getting Mrs. Roosevelt to pose with the only woman governor, the first lady explaining that she was averse to political contacts during her airplane trip and that she did not desire to be in a "group" picture.

FORT WORTH, June 5.—(AP)— Mrs. Franklin D. Roosevelt, departed by special plane from the municipal airport at 10:19 a. m., today for Tucson, Ariz. Stops were planned at Abilene, Big Spring and El Paso. She arrived here at 10:14 a. m.

DALLAS, June 5.—(AP)—After a short stop here for breakfast, during which she was welcomed to Texas by Gov. Miriam A. Ferguson, Mrs. Franklin D. Roosevelt continued her airplane journey to Los Angeles for a visit with her

Stocks Soared Again Monday in Active Trading

NEW YORK, June 5.—(AP)— Stocks bustled into a fresh rally today following early uncertainty which appeared to be an aftermath of last Saturday's rcaction.

On gains of $1 to more than $6, many shares rose to new highs for the year or lower. Railroad, gold mining and "wet" issues led to the rally.

Stocks closed near their best. Turnover approximated 5,000,000 shares.

Confesses Part

Clarence Click, who with six other persons, was arrested in Amarillo, Texas, in connection with the kidnaping of Miss Mary McElroy. She is the daughter of City Manager H. F. McElroy of Kansas City, Mo. Click confessed his part in the kidnaping Monday, and led officers to a cache of port of the ransom money.

CHINA GETS LOAN OF FIFTY MILLION BUY WHEAT, COTTON

WASHINGTON, June 5.—(AP)— Under President Roosevelt's direction, the Reconstruction Corporation has arranged a $50,000,000 loan for China to buy American cotton and wheat, a significant step in the campaign for foreign farm markets.

This long-sought deal, calculated to lift a big share of the country's cotton surplus at least, was concluded in the recent personal conferences held by the President with Chinese Minance Minister T. V. Soong, one of the series of international exchanges preparatory to the London World economic conference.

It was announced, however, at midnight last night, Washington time, which made publication of the deal in Europe impossible before this afternoon and therefore delayed foreign reactions, awaited by officials here with considerable interest.

A significant feature of the agreement is that the loan will be secured directly by Chinese taxes. It has first call on revenues from Roll tobacco, flour, cotton yarn, match, cement and other taxes on imports, which netted China $22,000,000 in 1932. Bearing five per cent interest, it is to be repaid in three years.

It will make possible at present prices Chinese purchase of 900,000 bales of cotton and 12,500,000 bushels of wheat.

World Cotton Consumption Is Above Last Year

NEW YORK, June 5.—(AP)— World cotton consumption of all kinds of cotton in April amounted to 2,047,000 bales against 2,120,000 in March and 1,9232,000 in April 1932, the New York cotton exchange service reported today. During the nine months of the season from August 1 through April the world consumed 18,204,000 bales of all kinds against 17,608,000 during the corresponding period of last season.

PRESIDENT TELLS MEMBERS OF HOUSE VETERANS EXPENSE INCREASE SHOWS BAD FAITH

By CECIL B. DICKSON
Associated Press Staff Writer.

WASHINGTON, June 5.—(AP)— President Roosevelt has served [illegible] congress that if it in[illegible] increasing spending on [illegible] new taxes must be raised [illegible] the budget balanced.

[illegible] this ultimatum from a [illegible] conference, Democratic leaders decided to postpone action on veter[illegible] made by the senate [illegible] independent offices bill [illegible] reaction has [illegible] members. They also [illegible] would make [illegible] to the public.

[illegible] House Democrats [illegible] last night, the [illegible] in no un[illegible] though he [illegible] Satur[illegible] it [illegible] to [illegible]

proposed by him on veterans allowances, was taking back power previously given him, and he insisted that by increasing expenditures it was violating the party's campaign pledge. He recalled that the veterans administration was making a survey of the border line cases where veterans are destitute and that it was seeking a relaxation of regulations under the economy act.

The Democratic leaders considered grave the situation brought about by the senate in amending the independent offices bill to increase veteran's allowances $170,675,807. This change also reduced to 25 per cent the cuts in compensation for world war service connected cases and Spanish American pensions.

Speaker Rainey and Representative Byrns of Tennessee, the party floor leader, said the temper of the white house as of yesterday was such that it would not only accept the 25 per cent reduction, but that a move had been initiated to reduce the cut to 15 per cent.

ROOSEVELT PASSED DEMAND TO SENATE TO BALANCE BUDGET

PRESIDENTIAL ULTIMATUM COMES AFTER SENATE INCREASES EXPENSES

WASHINGTON, June 5.—(AP)— President Roosevelt passed on the recalcitrant senate his command for a balanced budget in a talk today with Chairman Harrison of the senate finance committee.

Senator Harrison (D., Miss.) was called to the White House just before the finance committee met to vote on new levies to finance the public works program.

Mr. Roosevelt last night warned house leaders if they accepted the senate increase in veterans' expenditures they must add new taxes to pay for the $170,000,000 cost.

The presidential ultimatum appeared to be blowing up the movement in congress that has upset the economy program and the industrial control proposal.

Congressional leaders delayed consideration of the senate's 25 per cent limitation of veterans cuts until public sentiment on a new tax program could be determined.

Mr. Roosevelt made it most emphatic that he regarded a balanced government budget the keystone to the return to prosperity.

Consequently Speaker Rainey said, Chairman Buchanan of the appropriations committee will not call the independent offices bill up on the floor until tomorrow or later.

Representative Snell of New York, the republican leader, indicated that little help would be expected from his party in an effort to reject the senate amendment.

There are no plans at present for a democratic caucus, majority leaders said.

Rainey, like other leaders, con-

Parole Revoked After Arrest On Car Theft Charge

The parole of Cecil Epps, arrested here Saturday by officers on a charge of alleged car theft, was revoked by Gov. Miriam A. Ferguson Saturday afternoon, local officers announced Monday.

Epps was arrested here Saturday by Sheriff Jim Sessions of Freestone county, State Highway Patrolmen Ross Dickey and Bill Hargett and Deputy Sheriff Jack Floyd.

The accused man is reported to have been paroled from the penitentiary recently. He had been sentenced to several years on car theft trials in Houston, officers stated. He is being held in the Freestone county jail awaiting transfer to Huntsville, and also faces a charge of car theft at Fairfield.

MITCHELL WITNESS MONDAY IN INCOME TAX EVASION CASE

SAID MADE PERSONAL EFFORT TO PREVENT STOCK MARKET CRASH IN 1929

NEW YORK, June 5.—(AP)— Charles E. Mitchell testified at his income tax evasion trial today that in 1929 he tried to prevent the stock market crash by throwing his personal resources into the market.

He told of returning from a trip abroad during a strong market to learn that the stock of National City Bank, which he headed, was weakening and that the National City Company was loading up with it to cushion its fall.

He said he was astounded and held a conference with his associates.

"I told them that the company had reached its limit in the purchase of National City Bank stock," he said. "A big drop in the stock, I said, would have a disastrous effect on the market. I told them I thought some one must let that market down in an orderly fashion and that I was ready to use my personal resources to do so."

Mitchell said he then went to the Morgans, told them what he wanted to do, and they agreed to lend him money. He then made formal application to the Morgans for a loan up to $12,000,000 and posted 30,000 shares of his own stock as collateral.

It is part of that 30,000 shares which Mitchell later sold to his wife to record a personal loss and so avoid income tax payment in 1929. The government charges it was a fake sale, that Mrs. Mitchell did not have the money to pay for the stock, and that the Morgans were not informed of the transfer.

TWO STILL BEING SOUGHT CONNECTION M'ELROY KIDNAPING

ONE KIDNAPER MAKES CONFESSION AND LEADS OFFICERS TO RANSOM CACHE

KANSAS CITY, June 5.—(AP)— "Death and nothing less" is the punishment T. A. J. Mastin, county prosecutor, will ask for the kidnappers of Mary McElroy.

He made this determined announcement as Walter H. McGee, 28-year-old former convict, and Clarence Click, confessed leaders in the plot were being brought to his office for the filing of charges.

The other actual kidnappers, named in the confessions attributed to McGee and Click, are George McGee, brother of the principle, and Clarence Stevens, fugitives.

The prosecutor said he intended to ask for the extreme penalty in the case when the kidnappers go to trial.

Mr. and Mrs. L. R. Gilbert and Mr. and Mrs. Wendell Johnson, arrested with Walter McGee in Amarillo, Texas, and indicted Saturday by a federal grand jury, were released by police. T. J. Higgins, chief of detectives, said the police will pay their fare back to Oklahoma, where they became involved in the events of the kidnapping by starting on a "joy ride" into Texas with McGee.

R. E. Vetterli, department of justice, bureau of investigation, said the government would ask dismissal of the indictment against the couple.

Abe Starr, Leavenworth junk dealer, held in connection with alleged deals for cars obtained by the kidnappers, and Lucille Cates, former wife of Walter McGee, were sent to the prosecutors with McGee and Click. Miss Cates cooked meals for the kidnappers and Miss McElroy, a statement attributed to her by police says.

KANSAS CITY, June 5.—(AP)— Seeking to round up all the suspects in the kidnapping of Miss Mary McElroy, 25-year-old daughter of City Manager H. F. McEl-

FERGUSONS EXPECT SPECIAL SESSION AFTER ELECTION

SAY WILL BE NECESSARY SHOULD TEXAS VOTERS APPROVE RETURN BEER

DALLAS, June 5.—(AP)—James E. Ferguson, former governor and husband of Gov. Miriam A. Ferguson, expressed belief here today that the Texas legislature would have to go into special session to pass enabling legislation if 3.2 beer should be legalized in the Aug. 26 election.

"I know that the legislature has passed legislation to provide for the sale of beer if and when it is approved in the referendum," he said. "However, it is my opinion, substantiated by that of several able lawyers, that this is 'putting the cart before the horse,' and that the legislature can not pass any such legislation until after the beer amendment to our state constitution has been adopted by the people."

Ferguson pointed out that if the beer legislation passed by the recent legislature was allowed to stand without further action, it would be 40 days after Aug. 26 before beer could be sold legally in Texas.

The former governor predicted that Texas would vote for repeal of the eighteenth amendment and legalization of beer.

He and his wife came to Dallas to greet Mrs. Franklin D. Roosevelt, who stopped briefly on her way by airplane to Tucson, Ariz., and Los Angeles to be with her son, Elliott.

BATTLE OF STATISTICS IS NEAR AGAIN AS RAILROADS PLAN SEEK WAGE REDUCTION

By HIRAM HERTELL
Associated Press Financial Writer.

NEW YORK, June 5.—(AP)—The perenial battle of statistics between railway managements and organized labor over wages is in the offing.

Under present agreements, railway officials will be free to start negotiations for a new wage contract June 15.

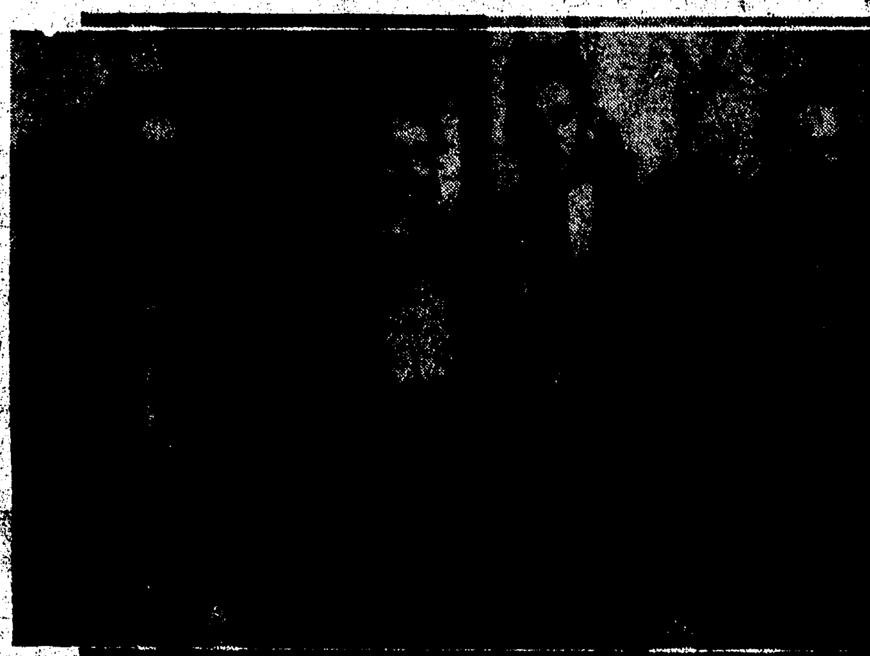
In the latter part of 1931 managers sought a general reduction in the rates of pay for contract workers, following a series of adjustments which had been made with the unorganized forces. After prolonged negotiations a voluntary agreement was signed, effective Feb. 1, 1932, for a 10 per cent deduction from the basic contract rates to run for a period of one year. This later was extended for an additional nine months or until Nov. 1, 1933.

The restrictions against reducing employment, recently inserted in the administration's railway co-ordinator bill, have focussed renewed attention upon the importance of the entire wage question. Managers point out that if the number of employes cannot be reduced because of a legislative mandate, the only saving in the railway wage bill must necessarily come from lower rates of pay. Strenuous opposition to any such program is inevitable, observers state.

Railway employees in February —the latest month for which interstate commerce commission figures have been tabluated—totaled 941,544. This compared with 1,075,662 for the corresponding month of the previous year and with an average of more than a million and a half for the full year 1930.

The February, 1933, payroll was $106,838,999 as against $130,019,847 in February, 1932.

ARRESTED IN M'ELROY KIDNAPING



Five persons, including two women, were arrested in Amarillo, Texas, in connection with the kidnaping of Miss Mary McElroy, daughter of City Manager H. F. McElroy of Kansas City, Mo. Left to right: Walter H. McGee, 37, alleged ringleader; Mrs. L. R. Gilbert; L. R. Gilbert; Wendell Johnson and Mrs. Wendell Johnson, are five of the seven persons arrested.

EXPANSION GREAT RAILROAD HOLDINGS TOLD TO PROBERS

O. P. VAN SWEARINGEN TELLS BORROWING START FROM MORGAN FIRM

WASHINGTON, June 5.—(AP)— Advance of the Van Sweringen railroad holdings from $2,000,000 borrowed in 1[illegible] to the vast expanse now held [illegible] today in the senate investigation of J. P. Morgan & Company by examination of O. P. Van Sweringen.

Prodded by Ferdinand Pecora, committee counsel, the Cleveland operator traced the entrance of himself and his brother, M. J., into the rail field to a deal by which they got entree into the Nickel Plate 17 years ago.

It developed that the entire down payment of $2,000,000 of the $8,500,000 price agreed upon was borrowed.

At the start, the witness in a prepared statement, sketched acquisition of his varied transport interests, showing the big part taken by the Morgan bank. Repeatedly Morgan advised the brothers, they going to him—O. P. testified —because they looked upon the firm "as does the world wise counsellors in matters of finance."

Objections by John W. Davis as

Illinois Voters Deciding Repeal Question Monday

CHICAGO, June 5.—(AP)—Predicted showers and thunder storms in Illinois today threatened to drench its citizens as they passed on the question of approving or disapproving of the 18th amendment, and elected members of the judiciary.

Both the "wets" and the "drys" were out to roll up the largest vote possible, the anti-prohibitionists being particularly anxious to win because of the effect the voting may have on the same question in Indiana, which votes tomorrow.

In Chicago the tolling of church bells at 7 a. m. and again at noon called the "drys" to the polls to vote for retention of the 18th amendment. They held mass meetings in the churches yesterday.

Illinois is the ninth state to pass judgment on the 21st amendment to the constitution which proposes repeal of the 18th amendment. All of the others have lined up against prohibition.

STEPPED INTO PATH OF AUTO, WOMAN IS INSTANTLY KILLED

FATAL ACCIDENT OCCURRED SUNDAY AFTERNOON ON HIGHWAY 31 NEAR RIVER

Mrs. J. R. Denson, 62, was instantly killed Sunday afternoon when struck by an automobile said to have been driven by a woman from Kilgore.

The accident occurred on Highway 31 near the Trinity river bridge, 20 miles east of Corsicana.

A family reunion had been held at the Denson home, which is located near the bridge in Henderson county. The party had gone to the river and had gathered at the side of the road to have a picture taken. Mrs. Denson is reported to have stepped out of the group into the path of the oncoming automobile. She is survived by her husband, seven daughters and two sons.

The automobile striking Mrs. Denson was badly wrecked, but none of the occupants was injured. The car was reported to have been enroute to Kilgore at the time of the accident.

It was reported here Monday morning that funeral rites were planned for Monday afternoon at the Oak Grove cemetery north of Kerens.

SECOND OF ESCAPED KANSAS CONVICTS IS CAPTURED SUNDAY

DESPERATE DASH OF SAWYER MARKED BY KIDNAPINGS AND GUN BATTLE

CHICKASHA, Okla., June 5.—(AP) —The courage of an Oklahoma Aggie co-ed was credited today with a large share in stopping the frenzied cross-state dash of Frank Sawyer, fleeing Kansas convict, near Binger, Caddo county, Sunday.

Sawyer, one of the 11 desperadoes who escaped the Kansas state prison at Lansing last Tuesday, left a trail of kidnappings and stolen automobiles in his frantic attempt to escape the cordon of officers thrown about Northeastern Oklahoma.

Lewis Bechtel, recaptured near Dripping Springs, Okla., is the only other one of the Kansas fugitives who has been retaken. Two Oklahoma convicts who escaped Wednesday were recaptured Thursday night about 20 miles from the McAlester prison.

Sawyer, also a fugitive from the Oklahoma prison, was captured in a gun battle and free-for-all fight after he had kidnapped Bob Goodfellow, Caddo county clerk, and his 20-year-old sister, Lois Goodfellow, a junior at [illegible] A. and M. college.

Goodfellow, wounded in the groin by a posseman's bullet while Sawyer used him as a shield, was taken to an Anadarko hospital where his condition was described as serious but not critical.

After abducting the Goodfellows, Sawyer ordered the girl, who was driving, to go to Oklahoma City. The co-ed drove the car into a ditch while her brother attempted to seize Sawyer's pistol, but the move failed.

While Sawyer was trying to get the car out of the ditch, with pre-

(Continued on Page Two)

TARIFF PROBLEMS BEING CONSIDERED BY U. S. DELEGATES

EXPERTS CLAIM MUCH GOOD CAN BE DONE WITHOUT "GIVING" MUCH

By CLAUDE A. JAGGER
Associated Press Staff Writer.

S. S. PRESIDENT ROOSEVELT [illegible]—(AP)—The view that the [illegible] conference [illegible] "deadwood" from [illegible] that [illegible] many countries was put forward today.

As the vanguard of the United States delegation sped eastward, led by Secretary Cordell Hull, delegation quarters urged that tariff problems be approached with this understanding:

That the field offers a prospect of readjustments of mutual benefit without imposing corresponding sacrifices.

Authorities asserted that the attitude of "give and take" in tariff bargaining is exaggerated since much can be done with little giving.

They said that many tariffs, proven ineffective in aiding the home market, have at the same time prompted retaliation which curtailed exports. A break in the upward growth of the tariff and quote system is regarded as vital to the normal flow of trade, which would tend to lift pressure from prices and restore the workings of the monetary systems.

Delegation circles declared, however, that effective protection will be retained. The needed revisions are likened to cutting deadwood from a tree.

Trade agreements reached at the British imperial conference at Ottawa are not regarded as a handicap to this process of pruning, notwithstanding the known protectionist policies of British delegates. It is pointed out that the Ottawa pacts are extremely flexible and that Canada has already moved for revisions.

Alvin Owsley To Get Rumanian Post Is Latest Rumor

DALLAS, June 5.—(AP)—The Dallas Times Herald says it has learned that President Roosevelt will submit the name of Col. Alvin Owsley of Dallas to the Senate for confirmation as minister to Roumania in the next day or so.

Col. Owsley was for several years an attorney here, formerly was a national commander of the American Legion.

TEXAS ROUND-WORLD FLYER LANDED AT MOSCOW MOND

UNHEARD OF SINCE LEAVING AMERICA LANDED ON NORWEGIAN ISLAND

By STANLEY P. RICHARDSON
Associated Press Staff Correspondent.

MOSCOW, June 5.—(AP)— James Mattern, United States aviator dashing around the world in a solo flight, landed in Moscow this afternoon, "dog tired but feeling fine."

He was exactly 51 hours and [illegible] minutes out of New York City. (This [illegible] almost three [illegible] ahead of the Post-Gatty round the world record he is trying to beat.)

Mattern [illegible] here at [illegible] m., Eastern [illegible] ing down [illegible] a sky [illegible] He declared [illegible] Moscow [illegible] on toward [illegible]

After [illegible] standstill [illegible] up by [illegible] Soviet [illegible] tors and [illegible] into [illegible] several ti[illegible] quite the [illegible] enthusiast[illegible] an Americ[illegible] here.

Greeting [illegible] old [illegible] among the [illegible] dents [illegible] "It se[illegible] like being [illegible] home."

[illegible]

An airport doctor [illegible] feel Mattern's pulse and [illegible] fingers still on the aviator's [illegible] he said:

"He is very tired and [illegible] rest."

When this was translated to him, Mattern grinned and remarked: "I feel fine but I would like to have about an hour's sleep."

Bath and Sleep.

The airman, who came to Moscow from Norway, where he completed his transatlantic crossing yesterday, also expressed desire to have a bath. As soon as he had finished his meal he was provided with a shower and put to bed in a room at the airport. He emphasized that he wished to be called promptly in order that he might lose no time.

Mattern said he hoped [illegible] non-stop at least as far [illegible]

CHICAGO, June [illegible] mile gale and [illegible] ed one death [illegible] to a score of other [illegible] erty damage [illegible] ands of [illegible] [illegible] en medical attention at the hospital on the grounds. Albert Linnard, 19, was fatally injured when struck by a piece of roof

FOUR-NATION CONFERENCE ON WHEAT HOPES BRING HIG[illegible] PRICES FOR WORLD GRO[illegible]

BY A. D. STEFFERUD
(Associated Press Cable Editor.)

NEW YORK, June 5.—(AP)—From a jumble of facts and prejudices delegates to the four-nation wheat conference now meeting in London want to draw a single design for controlling wheat production.

When they again take up plans for helping ailing agriculture started in Geneva and temporarily laid aside last week they will plunge [illegible] problems tinged with [illegible]

Representatives of the United States, Argentina, Australia, and Canada have indicated a desire to agree on acreage restrictions so that wheat prices will be increased. Behind any plan, however, are problems of other farmers that scarcely can be ignored.

Aside from the importance attaching to their deliberations from the important part wheat plays in agriculture—is the probability that their course may have a bearing on the larger world economic conference beginning in London June 12.

The goal of the wheat [illegible] —higher prices—is an [illegible] the later parley. Many [illegible] ready have put into [illegible] less elaborate machinery [illegible] this end. The problem [illegible] in making these relief [illegible] run from like power [illegible] generally agreed, will be [illegible] one.

France, for example, [illegible] tariffs, quotas, and import [illegible] over and license taxes to [illegible] eign products out of the [illegible] and make France self-[illegible] But these ways of restricting importations and getting [illegible] downward plunge [illegible] able balance of trade.

Moreover, such wheat exporting countries as the United States, Canada, Argentina, and the Balkans will find French farmers strongly organized against reopening the closed doors to the French market.

In France, 20,000,000 bushels of

MATTERN

(Continued From Page One)
[illegible] (about 1700 miles) on leav[illegible] Moscow.

[illegible] landed here after having had [illegible] three hours sleep since leav[illegible] New York, all of which he [illegible]ained during his halt in Oslo, [illegible] he looked extremely fit de[illegible] his obvious weariness.

Weary From Battle.

Explaining his action in flying [illegible] Oslo, Mattern said he encountered a low pressure area about [illegible] miles out over the Atlantic which coated his plane with ice and forced him finally to turn [illegible]orth. Although he had fuel for [illegible] hours more flying, he was [illegible]eary with battling the ele[illegible] that he decided to land [illegible]way.

[illegible] his three hours' rest there [illegible] proceeded to Moscow direct, [illegible]ming across the Baltic Sea and [illegible] the Soviet frontier from [illegible]stonia. On this stage of his journey he was hampered somewhat by headwinds but made fair[illegible] good time.

While he was resting at the airport his plane was surrounded by scores of curious Russians who [illegible]dibly admired the red, white [illegible] blue machine, particularly its [illegible] propeller.

[illegible]tward from Moscow for sev[illegible] hundred kilometers Mattern [illegible]d extremely unfavorable wea[illegible], including a strong headwind [illegible] clouds, which promised to re[illegible]rd his progress.

Lands On Small Norwegian Island

BY DR. EINAR ONSUM
(Associated Press Staff Writer.)

OSLO, Norway, June 5.—(AP)—Jimmie Mattern, the grinning Te[illegible] airman the world had feared [illegible], was flashing toward Mosc[illegible] [illegible] his red-white-and-blue "Cen[illegible] [illegible] Progress" today after a [illegible] landing on a small island 70 [illegible] southwest of Oslo.

Fighting storms and fogs which [illegible] him 300 kilometers off his course, the dauntless flier from San Angelo, Texas, fought his way [illegible] successfully to [illegible] on Jomfruland Island, [illegible] south coast [illegible] m., [illegible] standard time [illegible]day.

The first news that Oslo heard [illegible] landing [illegible] the light[illegible] [illegible] from his [illegible] Mattern [illegible] there and [illegible].

[illegible] there [illegible] and [illegible] time [illegible] this city [illegible] aerodrome [illegible] with his [illegible] more than [illegible] was off [illegible] metropolis at [illegible] standard [illegible]

[illegible]

[illegible] fogs and storm on the [illegible] and was 300 kilometers [illegible] route when he reached [illegible]

[illegible] comparison of Mattern's time [illegible] those of Post and Gatty in[illegible] that he was flying on about [illegible] with the record-holders. They [illegible] Moscow from New York in [illegible] hours, 24 minutes, with stops at [illegible], England, Hanover, Germany, and Berlin. If Mattern maintains approximately the 150-[illegible] average he was expected to [illegible] he will land in Moscow in about [illegible] hours.

[illegible]

[illegible] west coast [illegible] was Scot-[illegible]

[illegible]

[illegible] working because of the Whitsunday holiday.

Inhabitants of the little island and Norwegian marine pilots helped Mattern repair his plane, which had suffered a rent a yard long on the underside of the left wing.

This damage occurred Saturday night which the aviator said seemed like a year, the weather was so bad and his plane was so badly buffeted.

Weather Terrible.

"I thought I never would [illegible] land again," Mattern said. "Once I ran into a thunder storm and [illegible] forming [illegible] down [illegible]

[illegible]

yards from [illegible] over ground to a [illegible] pairs had be[illegible] be able to [illegible].

"The people [illegible] Jomfruland were like brothers [illegible] to me," Mattern exclaimed. "[illegible] grieved me not to be able to reward them at the moment, [illegible] I had no money of any account with me."

The islanders were not worrying, however, and were glad that they could be of assistance to the American aviator.

He refueled with some 700 [illegible]lons of gasoline and ten gall[illegible] oil at the military airdrome, [illegible] declined offers of food at the [illegible]drome but took along with [illegible] twelve oranges, two bottles [illegible]ter and a little chocolate.

"I hope to beat the [illegible] record and be back in New York next Sunday," he said.

Jomfruland is one [illegible] large numbers of smal lislands [illegible] the Northernmost reaches of [illegible]kagerak. It is about 70 miles southwest of Oslo, the capital of Norway. The Island lies close [illegible] shore and, with numerous [illegible] islands and promonotories, [illegible] the coast of Norway extremely jagged.

Its nearest [illegible] is old Larvik, and the [illegible] of the Langesund, a wide, [illegible] inlet, is almost directly nor[illegible] Jomfruland.

Fear Turns to Joy Among His Friends

NEW YORK, June 5.—(AP)—Fear [illegible] to joy today when associat[illegible] James Mattern learned he [illegible] safely in Norway and was [illegible] toward Moscow with a [illegible] chance to smash the round-[illegible] world record.

[illegible]ill, experience and preparedness were responsible for his safe arrival in Norway in the face of baffling fog and storm, they said.

Jack Clark, his representative, disclosed that Mattern had spent months drawing up 'alternate routes." Maps with lines converging into points, like spider webs, were his constant study.

Clark said that if, at any point in his flight, Mattern met insuperable weather conditions, he could switch to another route in an instant. Clark insisted that Paris had been the first objective of the Texas flyer. After a conference with Dr. James H. Kimball, weather man who advises trans-Atlantic fliers, he expressed a belief that unexpected southerly winds may have forced Mattern off his course.

Clarence E. Page, former manager of the flier, disclosed in Oklahoma City that he had planned three principal alternate routes, the primary one being a route to Moscow, without flying to Paris or Berlin. This would take him by way of Norway, the place where he actually did land.

"I'm overjoyed," said Clark when he heard the news.

Mattern Entered Set Select Fliers

NEW YORK, June 5.—(AP)—Jimmy Mattern's non-stop solo flight from New York to Jomfruland Island, Norway, placed him in a [illegible] fliers [illegible] have span[illegible] [illegible] Atlantic [illegible] hop. It [illegible] second [illegible] of [illegible] Atlantic [illegible] having flown from Harbor Grace, N. F., to Berlin last year with Bennett Griffin.

Mattern flew across the Atlantic two weeks after the sixth anniversary of Charles A. Lindbergh's epochal flight from New York to Paris May 21, 1927, when he became the first person to fly across the Atlantic alone.

The record of North Atlantic solo flights, beginning with the Lindbergh flight, follows:

Lindbergh—May 21, 1927; New York to Paris, 3,610 miles; 33 hours, and 30 minutes.

Amelia Earhart Putnam—May 21, 1932; Harbor Grace, N. F., to Culmore, Ireland, 2,026 miles, 15 hours and 30 minutes.

James Mollison—August 18, 1932; Portmarnock, Ireland, to St. John, N. B. 2,600 miles; 30 hours and 10 minutes.

Mattern—June 4, 1933; New York to Jomfruland Island, Norway, [illegible] miles; [illegible] hours and 55 minutes.

The late Bert Hinkler was the first aviator to fly South Atlantic alone. On Nov. 27, 1931, Hinkler flew from Natal, Brazil, to Bathurst, West Africa, a distance of more than 1,600 miles in [illegible] hours.

[illegible] South Atlantic [illegible]

[illegible] 1,900 miles; [illegible]

[illegible] 17 hours and 30 minutes.

Jean [illegible] 15, 1933; Natal, [illegible] 1,800 miles; 17 hours [illegible] minutes.

[illegible] June 5.—(AP)—[illegible] jubilation [illegible] home town [illegible] when it was [illegible] the Associated [illegible] the San Angeloan had [illegible] the Atlantic and has [illegible] Moscow.

Newspaper offices were besieged with telephone calls Sunday when no definite reports had been received and many remained at their radios the greater part of the night, hoping for information. One was M. D. Bryant, oil operator and close friend of Mattern. He immediately cabled congratulations.

Treacherous Jumps Still Face Mattern

NEW YORK, June 5.—(AP)—James Mattern, [illegible] the [illegible] record, [illegible] Post-Gatty [illegible] but will face a number of treacherous jumps.

The wheels of his plane will make three more scheduled stops on Russian soil. From Moscow his objective will be Novo-Sibirsk, a distance of 1,875 miles. From there he has a flight of approximately 1,000 miles to Irkutsk. The final Russian hop will be to Khabarovsk, about 1,370 miles.

[illegible] to Alaska is about 2,[illegible]00 miles, from there to Edmonton, Alta., 1,450 miles.

The United States will be his next objective, with New York his final destination, around 2,000 miles.

The total elapsed time for the Post-Gatty flight was eight days, 15 hours and 51 minutes. To beat that time Mattern will have to be in New York again before 8:11 p. [illegible] Eastern Standard time, next [illegible]y.

Mattern Bettered Lindbergh's Mark

NEW YORK, June 5.—(AP)—By a [illegible]tter of just a few miles it appear[illegible] today that James Mattern, solo [illegible]be-girdling flier, unofficially had [illegible]ered Colonel Charles A. Lind[illegible]gh's six-year-ago solo distance record of 3,60 miles from New York to Paris.

Estimates were that the Texas aviator covered about 3,670 miles in his flight from New York to Norway—30 miles more than the Lone Eagle hopped non-stop across the Atlantic in 1927.

The Mattern flight also lopped ten hours off the Lindbergh flying time—a difference which aviation followers said was not due so much to Mattern's skill as to the 500-horse power motor in his monoplane. Lindbergh's "Spirit of St. Louins" was powered by a 200-horse power motor.

Mattern announced before his departure from New York that one of his objectives was to demonstrate the strides which have been made in aviation since the memorable evening "We" glided to earth at Le Bourget Field.

He also said he was not interested in officially bettering the Lindbergh record as his one desire was to keep tab on the elapsed time in his world-circling attempt. To have bettered the mark officially he would have had to carry the sealed barograph required on distance attempts.

Other fliers have flown solo without landing for more hours than either Mattern or Lindbergh, but their were simple endurance flights.

Loss of Tea Tragedy Says Mrs. Mattern

WALLA WALLA, Wash., June 5.—(AP)—When Jimmy Mattern's two bottles of tea were broken on his flight to an obscure and rock strewn island off the Norway coast it was tragedy. No less an authority than his wife says so.

Overjoyed at news of her husband's safe arrival in Moscow nearly three hours ahead of the Post-Gatty record, Mrs. Mattern, who is staying with a sister here during her husband's flight, remarked of the tea bottles: "What a pity. I was just thinking how fortunate he was to have that tea along. Jimmy surely loves his tea."

Hours of patient waiting during which her hopes never ebbed were rewarded for the flier's wife many hours after she had retired last night. "I slept well but I wouldn't be truthful to say I wasn't terribly anxious during those long hours when every one was giving up hope.

"But that's just like Jimmy. I'm not at all surprised if he flew so high over Ireland that folks couldn't hear him. It's his way."

It was no surprise to her that he plowed his plane through flying rocks on the island beach. "I knew he could," she said proudly.

Chided that the island's girls all dashed down to autograph a wing on her husband's plane, she laughed, "That's Just like Jimmy," she said.

Ahead of Post and Gatty.

NEW YORK, June 5.—(AP)—Jimmie Mattern's arrival in Moscow at 7:57 a. m., Eastern Standard time, today put him two hours and 57 minutes ahead of the men he is trying to beat in his race around the world.

Wiley Post and Harold Gatty arrived at Moscow 54 hours and 34 minutes after leaving New York. Mattern made it in 51 hours and 37 minutes despite his having been driven far off his course by storms.

Post and Gatty stayed in Moscow 11 hours and 40 minutes, so even if Mattern should allow himself eight hours sleep he could still leave the Soviet capatal more than six hours in the lead.

By getting to Moscow Mattern broke the jinx that ended his last year's attempt to fly around the world with Bennet Griffin. They reached Berlin far faster than Post and Gatty had but between Berlin and Moscow they had to land in a Russian bog and cracked up their plane.

Post Is Pleased.

OKLAHOMA CITY, June 5.—(AP)—Wiley Post, whose globe girdling flight Jimmie Mattern is attempting to eclipse, was relieved today to hear of Mattern's safety.

"I'm glad to hear he is safe," said Post. "More power to him."

Post, who is preparing for a solo 'round-the-world dash, set the present record—eight and one-half days—two years ago with Harold Gatty as his navigator.

WALLA WALLA, Wash., June 5.—(AP)—"My, that's good," Mrs. James (Jimmie) Mattern, said, when told today her husband had landed at Oslo, Norway, on his solo flight around the world.

"I knew he would do it," she said as she pressed for details of the flight and landing.

She said she had retired as usual last night, confident her husband would come out "all right." She is staying here while her husband is on his globe circling tour.

Mrs. Mattern retired again immediately after hearing of the safe arrival of her husband at Oslo and before she was aware that he had continued on to Moscow.

THE MATTERN LOG:
(By The Associated Press.)
(Time Is Eastern Standard.)

Saturday, June 3—4:30 a. m. Hopped from Floyd Bennett Field, New York.

Sunday, June 4—4:15 a. m. Landed at Jomfruland, in island off South Coast of Norway.

9:00 p. m. Took off for Oslo (About 70 miles.)

Monday, June 5—12:40 a. m. Took off from Oslo for Moscow.

7:57 a. m. Landed at Moscow.

Treasury Balance.

WASHINGTON, June 5.—(AP)—Treasury receipts for June 2 were $2,372,525.37; expenditures $22,482,188.56; balance $340,610,373.26. Customs duties for two days of June $1,502,320.87.

ROOSEVELT

(Continued From Page One)
cated that developments "make impossible adjournment by Saturday, as we had hoped."

"There is no way now of telling when we will get away," he asserted.

Meanwhile, Representative Crosser (D., Ohio), chairman of the democratic steering committee, called a meeting of a special committee designated by the party caucus to protest regulations affecting veterans.

MRS. ROOSEVELT

(Continued From Page One)
son, Elliott, at 9:42 a. m. (C. S. T.).

Mrs. Roosevelt, who arrived here at 8:20 a. m., after a day and night flight from Washington, was accompanied by Mr. and Mrs. Lawrence Waterbury of Tyler, Texas, her cousins, Amon G. Carter, Fort Worth Publisher, C. R. Smith, vice president of American Airways, Dorothy Smith, his sister and Robert Pool of Dallas.

All except Smith, who planned to accompany Mrs. Roosevelt to Tucson, Ariz., will leave her plane at El Paso.

Breakfast was served the first lady in the office of Smith at Love Field, municipal airport. Those attending were Mr. and Mrs. Carter, Mr. and Mrs. Waterbury, Ben Critz, president of the Dallas Chamber of Commerce, and Mrs. Critz.

After greeting Mrs. Roosevelt at the airport, Gov. Ferguson and her husband and advisor, Former Gov. James A. Ferguson, returned to their hotel and planned to return to Austin this afternoon.

Mr. Carter introduced them to the President's wife and all chatted for a few minutes before breakfast was served. Mr. and Mrs. Ferguson left the airport 45 minutes before Mrs. Roosevelt's special plane took off for Fort Worth and Abilene, where brief stops were planned en route west.

The governor and her husband came to Dallas at the suggestion of Dallas citizens and went to the airport to greet the first lady.

Because the inbound plane was late in arriving, Carter previously had made arrangements to have breakfast at the field and had invited only the six persons. When the planes stopped briefly at Fort Worth before arriving at Dallas, Mr. Carter extended an invitation to Mrs. Roosevelt to remain there but the President's wife informed him that she had a definite engagement to meet her cousins here and continued to this city.

Carter then asked Mrs. Roosevelt to be his guest at breakfast here and upon her acceptance he arranged to have the meal served at the airport.

In Fine Spirits.

Mrs. Roosevelt seemed in fine spirits after her long ride. She described the trip from Kansas City as "very fine."

"This is a personal trip—not a political," she said. "That's the line I drew before I left Washington. However, I may make a talk or two if Mrs. Greenway wants me to."

Mrs. Isabella Greenway, a close personal friend, to whom she referred, planned to meet her in Tucson, Ariz., shortly after 4 p. m. today upon her arrival there. Mrs. Roosevelt said she expected Elliott to be there also but she had not learned definitely his whereabouts.

Stay In West Short.

Mrs. Roosevelt said she planned to be in Arizona about 24 hours then continue on to Los Angeles for a day and a half, leaving that city by plane Thursday morning for the return trip to the white house. She will take a direct route over the Rocky Mountains from Los Angeles, stopping only at Kansas City.

A large crowd began gathering at the Dallas airport shortly after 7 a. m., about the time the overnight plane from Chicago was scheduled to arrive. It was delayed by head winds after getting away an hour late at Chicago. Many women brushed aside a cordon of police to shake hands with Mrs. Roosevelt and speak a word with her.

The only other passenger on the southbound ship from Oklahoma City was E. K. Mead, Dallas newspaperman.

Gov. Ferguson said later, while waiting at a downtown hotel for time for her train to leave for the capital, that she and her husband had no intention of having breakfast with Mrs. Roosevelt.

"We knew that she was stopping here but a short time," she said, "and that she was having breakfast with her relatives only. We came up to pay our respects to her and, having done that, we came back to town."

Photographers tried to get Mrs. Roosevelt to pose with the governor of Texas but she declined, explaining that she had decided against any political contacts on the trip.

DALLAS, June 5.—(AP)—Mrs. Franklin D. Roosevelt, en route by plane to the Pacific Coast to visit her son, Elliott, arrived at Love Field, municipal airport, at 8:20 a. m., C. S. T., today.

The first lady, who landed here after sailing through Southwestern skies last night, planned a brief stop for breakfast. Headwinds delayed her arrival more than an hour, and caused cancellation of plans to bring Mrs. Roosevelt to a downtown hotel. She left Washington early yesterday.

Among those who greeted Mrs. Roosevelt were Mr. and Mrs. Lawrence Waterbury of Tyler, Texas, her cousins.

From Dallas Mrs. Roosevelt will continue westward, stopping tonight at Aucson, Ariz., as a guest of Mrs. Isabella Greenway, a close personal friend, and continuing on to Los Angeles where her son has his headquarters as manager of an airway line.

Perfect flying weather was reported over the route Mrs. Roosevelt planned to take today.

Breakfast was served Mrs. Roosevelt in the office of C. R. Smith, vice president of American Airways. Others who greeted Mrs. Roosevelt included Gov. Miriam A. Ferguson, her husband and adviser, former Gov. James E. Ferguson; Amon G. Carter, Fort Worth publisher, and Mrs. Carter.

Governor Ferguson journeyed to Dallas from Austin last night to greet Mrs. Roosevelt.

Powell Democrats Subscribe to Fund

R. L. Jones, chairman Precinct No. 27, Powell, announced the following Democrats had made contributions to the fund now being raised for the purpose of meeting the deficit of the national organization:

CONVICTS

(Continued From Page One)
tended assistance [illegible] the Goodfellows, Sheriff Har[illegible] Crisp and Deputy Al Marlo[illegible] Gradi county drove up. Sawyer seized Goodfellow and opened fire.

When her brother was wounded, Miss Goodfellow, ignoring the blazing pistols, started pulling Sawyer's hair, which being cut short in convict style, proved unsatisfactory. Then, according to the sheriff, the young lady began choking the convict, giving the officers an opportunity to close in.

"I was not afraid of him then," she said afterward. "I was just afraid Bob had been killed and I wanted to choke him awful bad."

Sought in St. Louis.

ST. LOUIS, June 5.—(AP)—Two of the convicts who escaped in the Memorial Day break from the Kansas penitentiary at Lansing were sought here today after a Bonne Terre, Mo., couple reported they had been kidnaped and forced to accompany a pair of heavily armed men to St. Louis.

From police photographs, the victims, McBride Rayfield and Miss Callie Stewart, both of Bonne Terre, identified their abductors as Billy Woods, 23, and Clifford Dopson, 18.

Rayfield said the two accosted them with drawn pistols while he and Miss Stewart were firing at targets near Fredericktown, Mo. Rayfield and Miss Stewart were forced into the back of the former's motor car and were held captive during the four and one half hour drive to St. Louis.

AGED RESIDENT OF EMHOUSE COMMUNITY DIED THERE MONDAY

Mrs. Hassie Brown, age 83 years, wife of the late H. S. Brown, died at the home of her son, Ed Brown, at Emhouse Monday morning at 8:20. Funeral services will be held Tuesday afternoon at 2 o'clock from the Baptist church in Emhouse and will be conducted by Rev. J. F. Stanley. Burial will be in the Cryer Creek cemetery.

Mrs. Brown had lived in the Emhouse community 44 years and was well known over Navarro county.

Surviving are four sons, Ed Brown, Cader Brown, W. E. Brown, all of Emhouse; J. I. Brown, Roane; three daughters, Mrs. A. G. DuBose, Aspermont; Mrs. D. T. Collins, Barry, and Mrs. K. E. Melton, Rosser.

Pallbearers will be her grandsons.

The funeral will be directed by the Corley Funeral Home.

KIDNAPER

(Continued From Page One)
roy, Kansas City police today pressed a search for George McGee, an unemployed Leavenworth, Kas., plumber, and Clarence Stevens.

Along with six other persons, all in custody, the two were indicted Saturday by a federal grand jury which was called to hear evidence relating to the abduction of Miss McElroy, and the payment of $30,000 for her release. Detectives said McGee and Stevens had been named as participants in confessions made by Walter H. McGee, a brother of one of the missing men, and Clarence Click.

Click, officers said, confessed after he had read a detailed statement by McGee, and then led officers to a creek bank south of Lacygne, Kas., where a jair containing $3,190 was unearthed.

The other four indicted were Mr. and Mrs. L. R. Gilbert of Fargo, Okla., and Mr. and Mrs. Windell Johnson, Oklahoma City, who were taken into custody at Amerillo, Texas, along with Walter McGee, an ex-convict.

McGee's statement, police explained, absolved the Gilberts and Johnsons of any connection with the plot. R. E. Vetterli, of the United States bureau of investigation, said they probably would be released. All said they had accompanied McGee on a pleasure trip.

Finding of the money which Click said he had hidden near Lacygne, his former home, brought to approximately $13,000 the amount of the ransom money recovered.

First action against those charged with the kidnapping will be taken under Missouri statutes, which have provisions for the death penalty in kidnapping for ransom.

In addition to the six now in custody, two other persons have been arrested without charge. They are Starr, Leavenworth, Kas., junk dealer, who was said by police to have sold a motor car to McGee, and Mrs. Lucille Cates, former wife of McGee.

INDICTED ON AL CHARGES IN SAS KIDNAPING

CONFESSES PART IN O OFFICERS; AR- ED ON FRIDAY

NSAS CITY, June 3. —Walter H. McGee, 37, confessed leader of a gang of extortionists, and seven others, charged by police with being accomplices, were indicted by a federal grand jury here today in connection with the kidnaping last Saturday of Miss Mary McElroy, 25, daughter of City Manager H. F. McElroy.

The indictments contained three counts. One charged the transportation of Miss McElroy from Missouri to Kansas in violation of a federal interstate kidnaping statute enacted after the kidnaping of the infant son of Col. and Mrs. Charles A. Lindbergh. The other counts charged the accused persons with sending two extortion letters in the United States mail.

The indictments were returned within two hours after the grand jury had convened to consider the McElroy kidnaping and came while McGee was dictating a confession to his part of the crime to Chief of Detectives Thomas J. Higgins at police headquarters. Higgins said McGee's confession implicated Clarence Stevens, Clarence Click, and McGee's brother George.

Click is in police custody and George McGee and Stevens are being sought.

Those named in the indictments: McGee, his brother George, Click, Stevens, Windell Johnson, his wife, Hazel, L. R. Gilbert, and his wife, Lenore.

The Gilberts, the Johnsons, and McGee were arrested yesterday in Amarillo, Texas.

Violation of the first count is punishable by a maximum of life imprisonment; the second count by a maximum imprisonment of 20 years.

The findings of the jury were read in the presence of the victim of the kidnaping plot and her father.

T. J. Layson, assistant district attorney, said prosecution on the indictment would be hel din abeyance pending the outcome of trials in the state court on charges which have been prepared by T. A. J. Mastin, county prosecutor under a Missouri statute which provides the death penalty.

At a police showup Abe Starr of Leavenworth was questioned with others held, although police have asserted he is merely detained as a material witness.

A rumor that Click had attempted suicide was denied by police but he was brought to the show up heavily ironed and under the guard of several officers.

Click said he once served one year in the Kansas prison for third degree forgery.

Swell Pleasure Trip Ends in Nightmare

KANSAS CITY, Mo., June 3.—(AP)—The "swell time" promised two Oklahoma couples by Walter H. McGee, confessed leader of the gang who kidnaped Miss Mary McElroy, 25, daughter of City Manager H. F. McElroy, last Saturday ended in police cells here today.

McGee, fleeing southward from hot police pursuit after the kidnapers released Miss McElroy last Sunday when her father paid $30,000 ransom, stopped Thursday in Oklahoma City, according to police, and picked up Windell Johnson, theater employe, and his wife, Hazel.

The trio then went to the home of L. R. Gilbert and his wife, Lenore. McGee, in whose possession police found more than $9,000, when he was arrested yesterday with the Gilbert and the Johnsons in Amarillo, Texas, suggested a pleasure trip and the two couples readily fell in with the plan.

Displaying a large amount of money, McGee was reported to have told the Johnsons and the Gilberts, "we are all going to have one swell time."

Wanted New Car

They went to Canadian, Okla., where before entering a hotel McGee gave $250 each to Gilbert and Johnson. The next day, the group drove to Amarillo, where McGee said:

"This car isn't much good any more, so I'll buy us a new one."

His negotiations for the new car led to the arrest of himself and his friends. A description of his old car was wired to Kansas City police and finding it tallied with descriptions of the car used by Miss McElroy's kidnapers, police here requested McGee's arrest.

From this point on the "pleasure trip" became an odyssey of grief.

Arrested In Amarillo

Police in Amarillo arrested McGee and his four companions. They reported McGee appeared to be the only one who knew "what it was all about." He told them, Amarillo officers reported, he had won the money gambling.

At 1 o'clock this morning, McGee and the two couples were awakened in their jail cells in Amarillo and placed on a transport plane for a flight to Kansas City. They were guarded by police officers. Mrs. Johnson, who never had been in an airplane, and who said she expected to become a mother next December, demurred at first when she was told to enter the airplane, but later, officers said, expressed delight at the experience of traveling at an altitude of 10,000 feet.

Her white mouse, "Oscar," which she said she purchased recently, played on her lap as the plane sped through the night.

"Honest, I don't know a thing about this," officers said Mrs. Johnson told them. "Windell has been working as an usher and ticket seller at the Isis Theater in Oklahoma City. We just have a dinky little apartment and never could do much. I thought it was alright to go on the 'pleasure trip' as they called it. I had been wanting to take a trip, especially to Amarillo. I just thought it would be fun and away we went. Now it's all so terrible."

Both Mrs. Joh [illegible] Mrs. Gilbert, officers said, slept at times during the flight here. Mrs. Gilbert said she had "been up" once before in an airplane for a 15-minute flight.

McGee told officers he had wanted to repay the couples for past kindnesses to him, but that his main object in taking them along was to assist him in exchanging the money in his possession.

The airplane bringing the group to Kansas City arrived here at 5:25 o'clock this morning. It was met at the municipal airport by six motor cars of police officers who hurried the prisoners to jail.

McElroys Go Before Grand Jury Today

KANSAS CITY, June 3.—(AP)—Miss Mary McElroy appeared before a federal grand jury here today to tell of her abduction a week ago in connection with which eight indictments are sought by the district attorney's office.

Indictments are sought charging violation of the federal kidnapping laws against Walter H. McGee, alleged leader of the plot; Windell Johnson, Clarence Stevens, L. R. Gilbert, Hazel Johnson, Clarence Click, Lenore Gilbert and George McGee.

Stevens and George McGee are fugitives, the object of a determined search in the vicinity of Shawnee, Kas., where police report McGee was seen last night.

A maximum penalty of life imprisonment is possible under the federal statutes.

Meanwhile, police prepared to deliver to the county presecutor five persons returned this morning by airplane from Amarillo, Texas, for the filing of charges under the state statute which provides the death penalty. T. A. J. Mastin, indicated at the time of the abduction he would ask for death sentences.

E. C. Reppert, director of police, asserted that Walter McGee, arrested at Amarillo, Click arrested here, McGee's brother, George, and Stevens were the actual abductors. He based his announcement on a statement attributed to Lucille Cates, former wife of McGee, who lived in the house where Miss McElroy was a prisoner for 29 hours.

KANSAS CITY, June 3.—(AP)—Thomas J. Higgins, captain of detectives, said today that Walter H. McGee, 37, former Oregon convict, had confessed he had kidnapped Miss Mary McElroy, 25, daughter of City Manager H. F. McElroy, from her home a week ago today.

Higgins said McGee admitted he and Clarence Stevens, now being sought by police, were the actual kidnappers, who went to the McElroy home, forced Miss McElroy to leave her bath, dress and accompany them in a motor car.

Higgins said McGee told him, his brother, George McGee, and Clarence Click, had guarded the city manager's daughter while she was being held 29 hours in a house near Shawnee, Kas.

McGee told him, Higgins said, that Windell Johnson and the others arrested with him in Amarillo, yesterday, had no actual part in the abduction but that he had picked them up in Oklahoma on his way south to aid him in passing the $30,000 ransom money paid by McElroy for his daughter's release.

McGee stated; Higgins said, that the kidnappers originally had planned to abduct Henry F. McElroy, Jr., 23, the only other child of the city manager, and hold him for ransom. This plan fell through, Higgins asserted McGee told him, when after trailing the city manager to and from his office at the city hall and his home in the hope of getting a good view of his son, the abductors failed to see the youth.

Originally, Higgins said McGee asserted, the kidnapping was planned for a week ago Friday, but that having failed to identify, young McElroy, the gang determined to kidnap his sister and followed this plan the following day.

Johnson Considered Perfect Gentleman

OKLAHOMA CITY, June 3.—(AP)—Information obtained from acquaintances here of Windell Johnson, theatre employe arrested at Amarillo as a suspect in the kidnapping of Miss Mary McElroy in Kansas City, indicates the young man and other suspects arrested in the Texas city were in Oklahoma City from Wednesday morning until Thursday afternoon.

Other employes of the theatre, where Johnson had been working for about ten months, today recalled that two men, one of whom knew Johnson, called for him Wednesday morning. They were seen together several times until the next afternoon, when Johnson asked Jack Brainard, manager, for a vacation.

"He told me he was going up to Woodward on a trip," Brainard said. "I paid him off and he was to have returned in a few days. This is a terrible surprise. Johnson was a good worker, quiet and always a gentleman."

The manager said Johnson went to work in the theatre as a janitor but showed such initiative he was promoted to different jobs, finally becoming ticket taker and doing general work around the show house.

Fellow employes said Johnson came to Oklahoma City six years ago from a farm in the northern part of the state and had been variously employed during that period.

They said he and his wife left together with some others about 3 p. m. Thursday. They roomed in the business district where neighbors knew little about them. Johnson is unknown to the city police.

Eight Being Held In Kidnaping Case

KANSAS CITY, Jue 3.—(AP)—Determined to make Kansas City feared by kidnappers, authorities prepared today for speedy prosecution of Walter H. McGee, 37, ex-convict, arrested with seven other persons in connection with the abduction of Miss Mary McElroy.

Police were somewhat uncertain as to the status of the seven but expressed conviction McGee was the leader of the gang which seized the 25-year-old daughter of the city manager a week ago today and released her Sunday unharmed, after payment of $30,000 ransom by her father, H. F. McElroy.

Federal charges of transferring Miss McElroy from her Missouri home to Kansas, where she was held in a bungalow near Shawnee, and of sending letters through the mails were filed against McGee and four others arrested yesterday in Amarillo, Texas. Three others were held here.

The five apprehended in the West Texas city, arrived here by airplane at 5:30 a. m. Officers took them to police headquarters. They were McGee and four who gave the names of Wendell Johnson, Mrs. Hazel Johnson, and Mr. and Mrs. L. R. Gilbert.

In custody here for investigation were Miss Lucille Cates, said by officers to be McGee's former wife; C. L. Click and Abe Starr, the latter a Leavenworth, Kans., junk dealer who police said they believed was not implicated in the kidnapping. He was held for questioning after officers intercepted a telegram to him from an Amarillo motor car company with the information McGee was attempting to trade a car purchased from Starr.

A federal grand jury was scheduled to reconvene today to inquire into the case.

Identified By Victim.

"That's the man," said Miss McElroy and her father after viewing pictures of McGee.

Officers reported learning that McGee was an acquaintance of Martin Deputy, alias Depew, now serving a life sentence as the leader of the kidnappers who abducted Mrs. Nell Donnelly, wealthy garment manufacturer, here in December, 1931, but released her without obtaining the $75,000 ransom demanded.

At Amarillo police said McGee admitted to them the $9,000 in currency found in his possession was "kidnap money" but said it had been given him by a man near Victory Junction, Kas., to change into smaller denominations. He said he was getting $200 for each $1,000 bill he changed. Five $1,000 bills were in the ransom paid by Mr. McElroy for his daughter.

Denies Guilt.

Although McGee denied vigorously any connection with the actual kidnapping, Kansas City police quoted Miss Lucille Cates as implicating him. She told of cooking "at the point of a gun" at the kidnappers' cottage. She denied any knowledge of plans for the kidnapping.

"The first thing I knew about it was when they brought her (Miss McElroy) to the basement," she said.

Police said she named as men present in the house, during the time Miss McElroy was held there: McGee, his brother, George McGee, now being sought; Click and Clarence Stevens, believed by police to be the Wendell Johnson arrested in Amarillo.

Mrs. Elizabeth Cates, mother of Miss Cates, told police McGee had threatened her daughter in these words:

"If you ever squeal, I'll kill you. There are 20 in my gang and if I don't get you some one else will."

SENATE COMMITTEE CHANGES HIGHWAY FEDERAL AID PLAN

NEW INDUSTRIAL RECOVERY GRANTS TO BE ON SAME BASIS AS OLD LAW

WASHINGTON, June 3.—(AP)—The senate finance committee today changed the $400,000,000 state road construction grant in the industrial recovery-public works bill to provide for its allocation on the basis of present law—one-third based on population, one-third on existing road mileage and one-third on area.

The change was suggested by Senator Connally (D-Tex) and would give more consideration to the less-populated states than the house bill, which would have allotted the fund on the basis of one-half for population, and one-quarter each for mileage and area.

Two amendments inserted at the request of Senators Gore (D-Okla.) would authorize the President to initiate proceedings before the interstate comerce commission to regulate oil pipe line rates and to divorce pope lines from oil companies where unfair practices or exorbitant rates" tend to create a monopoly."

The committee adopted another amendment by Connally to permit loans for completion of reservoirs and pumping plants in conection with canals and water works.

Fairfield Grand Jury Makes Final Report to Judge

FAIRFIELD, June 3.—(Spl.)—The grand jury made the following report to Hon. J. F. Kirby, judge of the Seventy-seventh district court:

We, the grand jury for the May term of the Seventy-seventh district court, beg leave to file this, our final report, for the May term of said court:

We have been in session seven days, have examined 138 witnesses, investigated 113 cases and returned 57 bills of indictment in felony cases. We have this day inspected the jail and found it to be in a clean and sanitary condition.

We wish to commend the sheriff, J. R. Sessions, for the manner he is handling the office of sherif and the co-operation he has given this grand jury in investigating infractions of the law in this county. We also wish to commend the county attorney, Bowlen Bond, for his diligence and co-operation with the grand jury. We now beg to be finally discharged.

Respectfully submitted,
EARLE CcSPADDEN, Foreman.

Choral Club And Expression Class Present Program

WORTHAM, June 3.—(Spl.)—The Modern Marthas' Choral Club of the Wortham high school and members of Miss McKinney's expression school of Mexia, gave a joint program at the Wortham high school auditorium Tuesday evening. A large and appreciative audience greeted the young artists that displayed talent and credit to their directors.

Mrs. John Munroe of the Munroe School of Music is director of the glee club, and Miss Iva McKinney of Corsicana, director of the group from her school at Mexia.

Sun Want Ads Bring Results.

Ennis Doctor And Wife Killed In Auto Crash

TULSA, Okla., June 3.—(AP)—Dr. J. S. Terry, Ennis, Texas, and his wife were killed and seven other motorists were injured shortly after noon today in a highway collision seven miles southwest of Tulsa

A daughter of the physician who was employed by the Texas-New Orleans Railway, was seriously injured. She is Eugenia Terry, a Dallas school teacher.

Others injured:

O. B. Cook, and wife of Seminole, both seriously, and their children, Helen, Genevieve and Weldon, who suffered minor bruises, and Margaret Evans Cook, a cousin of the other three children. The latter was not seriously hurt.

The collision occurred on the Sapulpa highway when one automobile attempted to go around a second, striking a third head-on. The Terry car was heading toward Tulsa.

DALLAS, June 3.—(AP)—Dr. J. S. Terry, killed in an automobile accident near Tulsa today, was a physician at Ennis, Texas.

Accompanied by his wife and daughter, Miss Eugenia Terry of Dallas, he left late yesterday for Chicago. Miss Terry, seriously injured in the accident, was a teacher in the North Dallas high school.

The family left Dallas with the intention of visiting the World's Fair.

AGED CONFEDERATE VETERAN DIED IN ANDERSON COUNTY

Funeral services for H. T. Hopkins, aged 87 years, Confederate veteran, and former resident of Navarro county, who died at his home in Anderson county Wednesday at 4 o'clock, were held Thursday afternoon at Kauga Baptist church with interment in the Kauga cemetery. The funeral services were conducted by Rev. Tubb, formerly Baptist missionary in Navarro county.

Surviving are his wife, a son, Hardy Hopkins, three daughters, Mrs. Van Deeman, Mrs. Jones and Mrs. Sanders, all of Anderson county; a number of grandchildren and other relatives.

Among Corsicana relatives who attended the funeral rites Thursday afternoon were Judge and Mrs. Sam B. Jordan, W. W. Harris, Mrs. Mattie Harris, Mr. and Mrs. Marvin Tekell, Ben Jordan, Gulic Robinson, Viva Williamson and Mrs. Sloan Rea.

Fairfield News Of Interest; Oil Test Going Down Rapidly

FAIRFIELD, June 3.—(Spl.)—Saturday, May 27, at 3 p. m., at the Methodist parsonage, the rites of matrimony were performed by Rev. J. N. Vincent for Lloyd Craig of Concord, and Miss Ruth Cochran of Buffalo. The bride and groom left Monday for Florida, where the groom is stationed in the naval service.

A rodeo consisting of bronc riding, goat roping, steer riding, and many other entertaining features is announced for Sunday afternoon at the ball park.

Freestone county's quota, 43 young men, has been completed, the last consignment leaving Sunday for the civilian conservation corps training camp.

Mr. Nestor from Keechi, was here Monday and reported the Keechi well, Holley Bros., No. 1, on A. Band M. survey, being drilled by Clayton et als, as down to 4585 feet, with favorable core showing.

Advices have been received here that Waco business men on a trade trip, will visit Fairfield next Thursday morning at 9:30.

The Masonic school being held here each Monday night, is creating much interest in Fairfield lodge. A big crowd was present last Monday night.

Sixteen Graduates Wortham Grammar School This Year

WORTHAM, June 3.—(Spl.)—Sixteen graduates from the grammar school received certificates Thursday evening. The exercises were held in the high school auditorium. There were four honor graduates, Henry Elmo Drumwright holding first honors, making the highest record, and he also gave the welcome address on this occasion. The other honor graduates were: Virginia Moss, Dorothy Evelyn Goolsby and James McKinney.

Mrs. B. J. Rees, president of the senior class, welcomed the graduates to the high school. Superintendent L. A. Roberts of the Wortham schools, presented the certificates.

Entertain at Bridge.

WORTHAM, June 2.—(Spl.)—Mesdames H. A. Murleson and L. J. Young entertained at the home of the latter Wednesday afternoon, honoring some of their special friends. Four tables of bridge and delicious cooling refreshment plates were the chief diversions of enjoyment.

Card of Thanks.

We wish to take this method of thanking our many friends for their kindness and sympathy to us during the illness and death of our father and grandfather, A. S. Mitchell, Sr.

—Children and Grandchildren.

Overcome Pains
this better way

WOMEN who get into a weak, rundown condition can hardly expect to be free from troublesome "small symptoms."

Where the trouble is due to weakness, Cardui helps women to get stronger and thus makes it easier for nature to take its orderly course. Painful, nagging symptoms disappear as nourishment of the body is improved.

Instead of depending on temporary pain pills during the time of suffering, take Cardui to build up your resistance to womanly ailments.

SEVEN KNOWN DEAD FIFTY INJURED IN SIGNAL HILL FIRE

EXPLOSION OF SMALL COMPRESSION CHAMBER CAUSE OF HOLOCAUST

SIGNAL HILL, Calif., June 3.—(AP)—The "richest little city in the world" today appraised the cost of its first catastrophe, an explosion and fire which blackened an area of four square blocks, killed seven persons, sent 50 more to hospitals and caused damage of several hundred thousands of dollars.

Signal Hill, adjoining Long Beach at the northern city limits, still watched black streamers of smoke drift from the remnants of oil derricks ravaged yesterday by concussion and flame when a little compression chamber, barely 20 feet long and three feet in diameter, loosed havoc on this rich petroleum-producing area.

Rescue workers searched throughout the night for additional bodies, but only two persons definitely were reported missing. Of those in hospitals, none was expected to die of injuries.

Latent power in the "black gold" gushing from Signal Hill—which only 12 years ago was merely a cucumber patch—became a roaring inferno as the compression chamber at the refinery on Richfield Oil company properties exploded. Gas rushed from the tank enveloping the field in fire.

Concussion added its destructiveness as fire licked at oil soaked derrick structures in the packed field, demolishing frame building within an area of many blocks and giving rise to frantic shouts of earthquake. Long Beach and the surrounding area on March 10 was wrecked by an earthquake which claimed more than 100 lives.

Those who lost their lives included five men, a woman and her young daughter. The men—all employes of the Richfield company—were trapped in the company absorbing plant. Four of them were credited with sacrificing their lives in an effort to prevent the fire.

List of Dead

The dead:

Duke Gaughan, Bellflower; Ed Weller, Anaheim; Charles Cope, Long Beach; C. S. Brown, Fullerton; J. L. Shumway, Bellflower; Mrs. Lotte Carlyon, Long Beach; her daughter, Marilyn, 8.

Only the desperate efforts of 500 men, working in the hot glare of the flames, prevented oil flowing from broken storage vats from igniting and spreading fire to other sections of the oil field and residential areas. They built dirt dikes to divert the oil.

The concussion destroyed or badly damaged 50 residences in the vicinity. The explosion hurled employes of the company to the ground. Flaming oil sprayed over them.

Derricks toppled. Large storage tanks, with capacities up to 2,500 barrels, popped open and became prey to the flames. Fire blazed out of great, black plumes smoke which blotted out the sky.

Signal Hill, Long Beach, Wilmington, and Los Angeles fire departments answered emergency calls. From navy ships in the harbor came squads of blue jackets to aid in rescue work. For hours the inferno defied efforts to penetrate the area, but 12 hours later only the tops of some of the doomed derricks sputtered red.

Eight Bandits Terrorize Town Illinois Today

CULLOM, Ill., June [illegible]—(AP)—Eight robbers held up [illegible] banks here today, shot and wounded two persons, and escaped with about $2,500 from each bank.

The robbers rode down main street in two automobiles, firing right and left. The two wounded, Frank Kopp and Doris Coalsamh, both busines men, were standing in the doorways of their stores. Kopp was wounded in the right leg. A bullet grazed Coalsamh's head.

Te town was terrorized fo. ten minutes while the wildly shooting bandits dashed into the two banks cooped up all the cash in sight, and then sped out of town, still shooting.

The banks robbed were the Farmers State and the First National.

Wortham Schools Close for Term Friday Evening

WORTHAM, June 2.—(Spl.)—The Wortham public schols come to their final close with the commencement program at the high school auditorium, Friday evening June 2. The presentation of the diplomas will be by Oliver Burleson, president of the board of trustes, and the awarding of honors will be by L. A. Roberts, superintendent of schools.

Majorie Jones is valedictorian, and Eunice Wise is salutatorian of the class.

The following graduates will receive diplomas: Emma Bounds, Theda Bounds, Joe Bailey Cashion, Alice Lee Craig, Miller Craig, Henry Hall, Lazelle Johnson, Majorie Jones, Theresa Morrow, Glynn McGill, Alvis Owens, Naomi Owens, Mrs. B. J. Reese, Clyde Ross Jr., Edna Smith, Melvin Traweek, Ann Van Cleave, Eunice Wise, and Harry Zoda.

Frost Democrats Contribute to Fund

W. A. Simms, precinct chairman, Frost, announced the following had contributed to the Democratic fund now being raised for the purpose of wiping out the deficit of the national organization:

E. J. Sheppard, J. E. Laney, W. A Simms, Sam Gerber, A. H. Strain, Sam Bromly, Rube Denn, Charley Hampton, W. J. Brewer, J. E. Brown, Unknown, Jim Gant, C. R. Blake, B. E. Gillian, Tom Hooser, W. C. Mims, J. E. Harville.

E. D. McCormick, J. E. Dickson, I. A. Sanders, Mrs. Annie Warrington, W. A. Ross, V. B. Young, Frank Johnson, J. C. Young, W. E. Harrington, J. B. Strain, R. F. Shaw, J. M. Scott, A Y. Greer, L. A. Morgan, W E. Bowman, Mrs. Everett Hightower, Mrs. W. V. Harrison, Dr. E. L. Evans.

CUT ALMOST THIRD RECOMMENDED U. S. COTTON ACREAGE

WOULD PAY BONUSES TO FARMERS WHO REDUCE ACREAGE THIS YEAR

WASHINGTON, June 3. — (AP) — Three democratic senators from cotton growing states, Smith of South Carolina, Bankhead of Alabama and Thomas of Oklahoma today described reduction of this year's cotton crop as an "absolute necessity" at a conference called by administrators of the farm act to discuss plans for applying the law to the chief crop of the South

The senators said they hope to win congressional approval of an amendment they have proposed for the industrial recovery-public works bill to set aside $200,000,000 to pay bonuses to growers of basic commodities in return for retiring portions of their crop.

Smith said that by combining payments to growers with the option plan provided for in the bill, "ruin to cotton growers of the South which they now face can only be avoided."

WASHINGTON, June 3.—(AP)—Spokesmen for the American cotton co-operative association and the American Farm Bureau Federation today recommended a 30 per cent acreage reduction in the current cotton crop and the payment of bonuses to farmers who reduce their output.

C. O. Moser, New Orleans, secretary of the co-operative, said a substantial reduction is essential in order to bring back better times to the cotton producer because of the large surplus of American cotton which he estimated as in excess of 12,500,000 bales.

He added that payments direct to producers for acreage reduction should be a fundamental in any plan adopted. He was presenting the attitude of the co-operative at a meeting of producers, processors, co-operatives and cotton dealers called by George N. Peek, administrator of the new farm act.

Moser added that the extension service of the state and federal governments together with farm organizations, co-operatives and other groups are ready to put any acreage reduction program into effect quickly.

Urges Early Adoption.

He urged early adoption of a curtailment plan in order to reduce the cost of leasing or otherwise removing from production portions of areas planted to cotton.

Chester Gray, Washington representative, explained the attitude of the Farm Bureau, reading a letter from Edward A. O'Neal, president of the organization. It recommended that the present crop be reduced 30 per cent and that the payments of bonuses for reduction be made directly to growers on a basis which would fairly compensate them for labor.

The labor payment would be for planting the crop and cultivating it up to the time it would plowed up.

Cites Recent Rise.

Secretary Wallace, in open the conference, said the rec rise in cotton prices in antici tion of probable acreage reduct under the farm act has reduc the capacity of administrators work out a plan of crop curta ment.

As the price of cotton has creased, it has reduced the amou which could be raised by proce ing taxes to finance acreage ductions and also has had the fect of increasing the desire producers to continue with th planted areas.

W. L. Clayton, Houston, [illegible] president of the Anderson-Clayto Company, one of the largest co cerns dealing in cotton, urg that administrators of the far act "go slow" and that they co centrate on a long-range policy stead of some immediate rel which might jeopardize the futu of the industry.

Ferguson Sees Called Session Sometime in F

AUSTIN, June 3.—(AP)—James Ferguson said today Governor riam a Ferguson likely would vene the legislature in special sion next fall to consider st finances.

Mr. Ferguson pointed out it would be necessary for legislature to pass enabling le lation in eevent the $20,000,000 employment relief bond iss authorized in the special elec of August 26.

He said should the Presid industrial rehabilitation pro be carried out, Texas woul ceive between $250,000,000 $300,000,000 for reconstructi

"Austin will be the busiest in Texas within a few w Ferguson predicted. "Expen of that much money in this would be equal to a four m bale cotton crop at ten ce pound."

He commented on the defic the state treasury and inti the legislature might be ask return in September to con finances.

Critically Ill Here.

WORTHAM, June [illegible]—(Spl.)—Mr. Jim Weaver, who is a pati at the Navarro Clinic in Co cana, underwent a critical op ation a few days ago. His con tion has been quite serious, he was reported much improv Friday. The Weaver family h been at his bedside most of time.

WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results.

Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car——its life-like response——is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense——initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too,——color, good taste, quality, ease, safety, roominess and convenience.

Henry Ford

EPEAL OR NULLIFICATION.

Peter Molyneaux, editor nd publisher of The Texas eekly, one of the best in-ormed editorial writers of e state, strongly favors the epeal of the eighteenth mendment.

In a recent issue of The exas Weekly Mr. Moly-eaux discusses the progress ward repeal which he feels ould be effected without necessary delay taking position the eighteenth endment will be nullified ould thirteen states block repeal.

Mr. Molyneaux says:

"Repeal or nullification what the country is fac-. Theoretically a minor- of thirteen or more States prevent repeal of the hteenth Amendment, [illegible] now clear that if there thirteen States in the ion that will refuse to ify the repeal amend-nt, they represent such a eful minority of the pop-ion that they could not sibly influence the Fed- Government in the mat- of enforcement and ld not succeed [illegible] ob-ing appropriations from ngress to waste on the ossible task of enforc- prohibition. The Eigh- th Amendment, there- would be nullified. is the only alternative epeal, and it is sufficient on, if there were no why Texas should [illegible] ratify the repeal ment in August. The [illegible] which Texas faces whether [illegible] pro-ition shall [illegible]tinued not. It is whether pro-ition shall be repealed or lified. And there ought to be any doubt as to a majority of the peo- of Texas will vote on ch a question as that. e uncompromising prohi-ionists can talk all they ase about a moral issue ing involved; the truth re-ains that if a moral issue involved in the choice be-en repeal and nullifica-, it is not on the side of se who would force nul-cation. There is nothing al left about the Eight- Amendment. It has a national nuisance. Texas owes it to the of the other States Union to help them to rid of such a nuisance. ld be futile to attempt nger to enforce it in tes whose people are helmingly against it, it would be silly to vote ep it in the Constitution uch circumstances. In-, it would be worse than . It would be promot- disrespect for law. The teenth Amendment is [illegible] nothing can put in [illegible]in. [illegible] that is to [illegible] it a de-rial and [illegible] try to t it."

r. Molyneaux states the clearly and a large mber of persons, hereto-e firm supporters of the hteenth Amendment, will te for its repeal. The hteenth Amendment has t the country millions of llars with nothing accom-shed to further the prohi-ion cause. As The Texas eekly editor says "The hteenth Amendment is ad and nothing can put e in it again."

The children greet the va-tion time with a shout of y—but the parents—well is not exactly a vacation provide amusement for a lthy and energetic child. t we love 'em.

rsicana citizens met the [illegible]uation admirably [illegible] the winter months. e in actual charge of work are to be congrat-ted on the efficient man- in which the problem handled.

JUST [illegible]

Is all God [illegible] from me and you.

BUSIN[illegible] GOING AHEAD

Bu[illegible] continues its up-war[illegible]nd.

T[illegible]ost substantial gains in [illegible]trial production and [illegible]l business since the [illegible] 1929 were reported d[illegible] April and May, according to Government [illegible]cies.

Production at factories and mines, as measured by the Federal Reserve Board's index, advanced seven points during April, due largely to activity at steel mills, automobile plants, textile mills, shoe factories and oil fields. The increase in the index was the largest since the end of 1929.

In May, according to the Department of Commerce, general business probably achieved a level higher than that of of the corresponding month a year ago. The Department says this will be [illegible] first time since 1929 that [illegible] month has shown an increase over the same period in the preceding year.

Improvement in eight major financial and business divisions during April and the first half of May were reported by the Federal Reserve Board in its monthly summary of economic conditions.

The Board also revealed that almost all the money which was withdrawn by banks and individuals during the month and a half preceding the end of the banking holiday had been returned, easing the strain on the credit structure. Of the $1,930,000,000 withdrawn, all but $200,000,000 has been returned.

The eight fields in which the Board noted improvement were: Production, employment, bank credit, deposits, department store sales, freight traffic, wholesale prices, and construction.

Employment and pay-roll increases which accompanied the large pick-up in production were somewhat smaller than the losses occasioned by the March banking holiday, the Board said. The increase in bank loans was most pronounced in New York City, where reporting member banks added $400,000,000 to their total loans and investments between the middle of April and the middle of May.

Deposits in New York banks also increased by $400,000,000 during the same period and only about a third of the increase was due to interbank deposits. The growth of deposits is coupled with the diminishing of hoarding and the return of currency.

Department store sales and freight traffic—the two factors through which the Board measures distribution—showed increases of more than the usual seasonal amount during April and the first part of May. Carloadings were above last year's level during the past week, the Department of Commerce points out.

Navarro county has one more road to build—Highway 22. .Indications are favorable at the present. With the completion of this pavement Navarro county will rank among the first in all weather highways.

Garnish your ham sandwich with red ants and eat it at home. In this manner you will have all the sensations of the picnic lunch minus the red-bug hazard..

[illegible]ING PLACE? —By Clive Weed

.FASHIONABLE FISHERMEN

Dr. Joe J. Taylor (State Press, Dallas News) honored the Corsicana Daily Sun with a personal appearance last week. He was accompanied by Beeman Fisher, public relations counsel of the Texas Power and Light, as body guard.

Both gentlemen, dressed in the height of fashion, after gossiping with the hired hands for a time, declared they were en route to Trinidad on a fishing expedition.

It was hard to believe. The fashionable attire did not fit with our idea of a fishing jaunt.

Take Dr. Taylor for instance. Draped in a hand-tailored morning suit, topped with a straw sailor of the latest style, a monocle dangling from a silken cord about his red and frecked neck — and last but not to be ignored—the doctor sported a walking cane. That—ladies and gentlemen—was Dr. Taylor's fishing ensemble. He can't deny it—we have his picture as described above—you saw it in the Sun Saturday.

WHAT A FRUIT!

Who will again doubt the benevolence of science? No grower, barterer or lover of watermelon will, at least.

Whether fruit, vegetable or herb, the watermelon has always had a host of friends. People like berries, grapefruit, peaches and cantaloupe, but their attachment to the watermelon is something deeper and more enduring..

One thing only the watermelon was thought to lack. It is beauteous; it is luscious; it is satisfying.. Its outer shell of somber green. its inner lining of white, its luscious red contrasting irresistible with the rich mahogany of its ripened seeds, are as satisfying to the painter as its full-flavored sweetness to the epicure.

But still it was supposed to fall short of the ideal. For even those most addicted to its consumption never gave it credit for being nourishing.

Here is where science proves its benevolence. The department of agriculture has discovered that watermelons are chock-full of four kinds of vitamins. Any fruit, or whatever a watermelon is, that boasts one vitamin can get by with dietitians. But four of them! What a fruit!

That reminds us the first watermelons ought to be along soon.

Don't delay that repair job too long. Prices are on the upward trend. Your dollar will buy much at present prices.

AVOID CAPITAL, VETERANS TOLD..

Veterans who wish to join the Civilian Conservation Corps should not come to Washington to seek the admission to the conditioning camps. Conditioning camps in the Washington area already are filled to capacity by those who have taken advantage of the President's offer to permit 25,000 veterans to join ths emergency conservation work.

This was announced at the White House, which made public a report by Brigadier General Frank T. Hines, Administrator of Veterans' Affairs, stating that because of the lack of any additional facilities for the Washington area it will be impossible for the Veterans' Administration to make any further arrangements looking to the admission to this work of veterans in Washington.

"To my mind,," General Hines said, "it is of the utmost urgency that veterans now proceeding to Washington be urged to return to their homes, as well as for veterans planning to come to Washington for this purpose to give up such plans, as nothing can be accomplished here."

THANKLESS TASKS

A geneltman who served a term on the school board of a certain town, remarked that it was an extremely thankless task. No matter what they did in the effort to please the people, he said, they found half or more of the town against them, complaining and criticizing.

That is one reason why people who are well qualified to manage the affairs of a community, will often refuse to take such offices. They feel they can't be bothered with incessant criticism and unreasonable demands. Of course such officials must expect reasonable and constructive suggestions and criticisms. But faithful service should be given warm appreciation, and when such officials perform their duties well, they should be given hearty praise.

Prize fighters aren't so dumb at that. Think how much better fixed the rest of us would be if we had trusted everything to a good manager.

America's vulgar rich visit Europe to get culture; Europe's cultured visit America to get vulgar riches.

Business is getting better in spite of the fact that Charlie Schwab says it is.

Enough money is the exact sum required to win respect without arousing envy.

Railroad Feature Morgan Firm Probed

WASHINGTON, June 2.—(AP)—The senate investigation of J. P. Morgan and Company turned today to the firm's part in building a great railroad empire through the Alleghaney corporation, Van Swearingen holding company.

As the inquiry went into its seventh dav, Ferdinand Pecora—counsel of the banking committee—directed his scrutiny at the gigantic financing operations through whch Morgan aided the Van Sweringens in gathering their far flung rail holdings.

The room again was well-filled before the hearing opened, women predominant.

The hearing recesses for the week end after today's session, and the investigation will be concluded early next week.

The Morgan group began arriving ten minutes ahead of time, led by George Whitney, the partner who has been on the stand most of the time.

Leonard Keyes, Morgan office manger, was accompanied by assistants bearing bulky records.

Members of the party said J. P. Morgan was not much disturbed by the circus midget incident of yesterday. Dresed in a dark blue suit, the financier scanned a newspaper briefly, apparently turning to the financial section.

Railroad President Refused Power Issue

WASHINGTON, June 2.—(AP)—E. G. Buckland, chairman of the board of the New York, New Haven and Hartford Railroad, was the man Ferdinand Pecora referred to as refusing for an ethical reason to become a select Morgan customer in one issue of stock.

Pecora, counsel for the senate investigating committee, said so today after it had been disclosed yesterday that Buckland had declined a suggestion that he buy United Corporation stock at bargain prices although his name has appeared on Morgan's Alleghany and Standard Brands, Inc., lists of favored buyers.

Buckland's reason for turning down the United Corporation offer was set forth in a letter to Arthur M. Anderson Morgan partner, on January 16, 1929. The letter follows:

"Dear Arthur:

"I appreciate very much your telephone suggestion that I subscribe for and purchase shares of the new corporation organized to acquire a substantial interest in public utility corporations furnishing electrical energy.

"I understood that one of those corporations is the Connecticut Light & Power Company, with which my company has a contract.

"We are about to open negotiations for future dealings with this company in regard to power requirements, and I feel that I ought not at this time to consider any investment in its securities or in securities of any corporation which may exercise a directing influence.

"This may seem to you leaning over backwards, but, excuse the paradox—I feel more comfortable in that posture. Just the same, I appreciate your having brought this to my attention."

Marland Explains Loan.

WASHINGTON, June 2.—(AP)—Representative Marland (D. Okla.) former oil man, today said the loan he obtained from J. P. Morgan & Company, disclosed in the senate banking committee's investigation of the firm, was negotiated in 1926 and paid in 1930.

"I don't remember the details but I think it was 1926 when I borrowed $1,500,000 from J. P. Morgan & Company to help pay my income tax of that year," Marland said.

SENATE PROBE OF MORGAN FIRM WAS RECESSED FRIDAY

ADJOURNMENT CAME AFTER MORGAN COUNSEL CHARGES UNFAIR TACTICS

By NATHAN ROBERTSON

WASHINGTON, June 2.—(AP)—The senate investigation of J. P. Morgan and company was abruptly recessed for the week-end today after John W. Davis, counsel for the firm, protest-against a question directed at Thomas S. Lamont, junior partner that was leading up to the subject of his 1930 income tax return.

The white-haired Davis, former presidential candidate, leaped to his feet to object when Ferdinand Pecora, aggressive senate committee counsel, called young Lamont to the stand and asked him about sales of stock December 30, 1930.

"This is not fair play" Davis protested, asserting that Lamont had not been advised he would be questioned about the stocks.

While Lamont sat quietly at the table, and his senior partner—J. P. Morgan—listened intently from the background, Davis and Pecora argued the question.

Chairman Fletcher finally ruled the question was pertinent.

Lamont then said he did not recollect about the sales and he was directed to look them up over the week-end.

Davis asked Chairman Fletcher for a meeting of the committee Monday before the resumption of the inquiry, presumably to decide whether Pecora's question was pertinent.

The sudden cessation of questions and answers which through several hours had held the rapt attention of another crowd because of George Whitney's—another Morgan partner—giving the inside story of huge operations to stem the market fall of late

MORGAN

(Continued From Page One)

1929, caught everybody by surprise.

On Stand Short While.

Lamont had been on the stand a very few minutes before the clash occurred. He was the third Morgan partner to be examined.

The question which started the dispute was an inquiry by Pecora to Lamont whether he remembered he had sold on December 30, 1930, the following stocks:

1500 shares of Continental Oil.
200 Durium Products.
300 Hall Electric Heating.
237 P. R. Mallory Co.
1000 Shamrock Oil and Gas.
500 State Street Investment Co.
350 Investment Corporation of Philadelphia.
1000 Simms Petroleum.

After the recess was taken, Pecora refused to reply to questions from newspapermen whether the question had any connection with the question of income taxes.

Previous testimony before the committee had disclosed that the 20 Morgan partners paid a total of $48,000 income tax in 1930.

Market Support.

The senate banking committee was taken today behind the scene of financial drama of the chaotic days of late '29, by a J. P. Morgan and company partner who told in matter-of-fact fashion how a few bankers—with $250,000,000 at their fingers—supported the crashing market.

It was a profitable operation, too. George Whitney, the Morgan partner, testified that although loss had been expected, the 1,146,609 shares purchased were sold for $1,067,355 more than the cost, exclusive of interest.

The massive purchases lasted some three weeks.

"It ended, as I recall, on November 11," said Whitney quietly while ears were strained throughout the large, crowded room to hear.

The investigation was recessed until Monday.

Came to Morgan.

Leading up this story in answers to Ferdinand Pecora, committee counsel, Whitney related how his brother Richard, then vice president and now president of the New York stock exchange, had "come to see us first" about doing something to halt price slides on the exchange.

"How much did you buy?" Senator Couzens (R-Mich) asked.

"We bought 1,146,609 shares," Whitney replied, "at a cost of $137,752,705.

"We sold out in 1930 for $138,820,060."

"How was the profit divided?" Couzens wanted to know.

"Among us according to participation," Whitney said. "We entered this operation without thought of profit. We expected to take a loss and at one time our book loss was $40,000,000."

"Why did you take such a large loss on Anaconda Mining corporation?" Couzens asked.

"As I said," Whitney replied, "We sold without reference to profit."

Gunshy of Pool.

The witness objected to Pecora's use of the word "pool" to describe the transaction.

"We are rather gunshy of the word, as used colloquially," he smiled.

"But the newspapers called it the bankers pool," Pecora commented.

"Yes," Whitney agreed, "We tried to set them right but they paid no attention."

Spectators laughed, and a smile spreak momentarily over the hitherto impassive face of J. P. Morgan, smoking silently nearby.

Whitney testified that he directed Morgan and Company's participation in the pool under supervision of Thomas W. Lamont, Morgan partner.

Story of Gigantic Bankers Pool Told

WASHINGTON, June 2.—(AP)—The gigantic bankers pool organized in those first dark days of 1929 to stabilize the crashing market was shown in testimony today to the senate committee investigating J. P. Morgan & Company to have commanded assets of $250,000,000.

Out of a steady cross fire of questions and answer it developed through George Whitney, a Morgan partner, that each of the six participating banks agreed to put $40,000,000 while Guggenheim Bros. who had a smaller participation, pledged $10,000,000.

The witness fingered a smouldering cigarette as he told of the huge operations of the pool, called "joint suspense account."

J. P. Morgan, senior partner, sat slumped down in a chair in the background, as in a matter of fact way the witness related details of inside operations of those suspense-ridden days when big elements of the banking community put its weight together in attempting to stave declining prices.

Chairman Fletcher and Morgan, sitting back of him, were both smoking cigars as usual, while Ferdinand Pecora conducted the cross examination for the committee.

Morgan smiled as Pecora referred to the suspense accounts as a "pool" and Whitney noted objections to that phrase.

Capacity Crowd.

Members of the committee dropped in and went out again as the hearing progressed, and the usual capacity crowd listened in silence. The windows were partially opened to clear the air of the heavy overhanging smoke.

Senator Glass (D., Va.), former critic of the inquiry, was not on hand. Investigators of J. P. Morgan & Company today obtained a list of officers and directors of corporations to whom personal loans were extended from 1927 to 1931, inclusive, by the powerful bank.

With George Whitney again testifying as a partner of the firm, the committee counsel—Ferdinand Pecora—produced the list.

It named E. W. Marland, now representative from Oklahoma; and Frank W. Stearns, friend of the late former President Coolidge, among others.

British Royalty.

A suggestion that some of the bargain price stock offered to clients by J. P. Morgan & Company went to British royalty and French politicians, drew denials by George Whitney, partner in the firm, today before the senate investigation.

Senator Reynolds (D., N. C.) asked about disposition of a bargain price stock allotted to Morgan's Paris and London offices.

"Have you heard that the allotment to your London office was distributed to members of royalty?"

"I never heard that suggestion before," Whitney replied.

"Have you heard some was distributed to politicians in France?"

"I never heard it and I am confident it is not so," Whitney said, smiling.

Belgian King Mentioned.

Questioned further, Whitney said he had not heard that some of the stock went to King Albert of Belgium.

Whitney turned now and again to confer with Leonard Keyes, the Morgan office manager, who sat near where J. P. Morgan was smoking a cigar in silent attentiveness.

John W. Davis, white-haired Morgan counsel, sat smiling back of Whitney.

At one point Whitney told the committee that shares of bargain price stock allotted by the Morgan house to John W. Kephart, Pennsylvania supreme court justice, was paid for by his wife.

Gov. Gifford Pinchot, who had demanded Kephart's resignation, telegraphed Ferdinand Pecora, committee counsel yesterday, saying the judge denied accepting the stock for which he had been listed.

He questioned Whitney about it at the outset of the hearing today and the Morgan partner said he understood Mrs. Kephart had paid for the stock.

Foreign Placings.

At the outset of the hearing, Senator Reynolds (D., N. C.), asked Pecora about the 15,000 units of United Corporation which went to the London branch of Morgan, Grenfell & Company.

Those units were included in one of the favored customer lists.

Whitney said in answer to questions that the 15,000 units represented $1,225,000.

"Do you know what disposition was made of the units which went to the London office?" Reynolds inquired.

"I don't know the disposition," Whitney said.

Whitney quoted from a cable that Morgan & Company sent to London saying "we are reserving" 15,000 units. He said he thought a similar cable was sent to the Paris house.

Reynolds asked if Whitney had knowledge of the distribution of the London and Paris participation.

"We have not," Whitney said. "We have never endeavored to secure it."

Royalty and Politicians.

"Have you heard that some of the London shares went to some members of royalty?"

"I have not."

"Have you heard that some politicians in France were on the list?"

"I have not and am very confident they were not," Whitney said emphatically.

Reynolds asked if Whitney would furnish the committee the allotment of the shares that went to France and England.

"Certainly," Whitney replied.

John W. Davis interrupted to comment that the London and Paris branches might have "something to say about that."

"In view of the conflict over the dollar, the value of the pound and the general turmoil prevailing," Reynolds said, "do you think it wise to distribute this stock in European countries in view of the fact that Morgan & Company had wide investments there and that these countries owed large sums to the United States?"

Conditions Different.

Whitney said the stock wasn't distributed to "European countries" and that conditions in 1929 were quite "different than now."

"European countries in '29 were indebteded to the United States to the extent of $11,000,000,000," Reynilds said.

Whitney said that was true but he could see no relation between that and the allotment of the 27,500 units to the London and Paris branch of Morgan.

Reynolds asked the witness if he believed the allotment was detrimental 'to American welfare."

"No," Whitney replied.

"Have you heard that King Albert of Belgium participated in the distribution of the stock that went to the Paris branch?"

"No," Whitney said.

King George and Family.

"Have you heard that any of the stock went to King George of England or members of his family?"

"No, I'm sure it did not."

"Have you heard that some of it went to an official [illegible] ian government—I am [illegible] about the pronunciatio[illegible] name. Sometimes I cal[illegible] soline' and sometimes [illegible] ni?"

Whitney laughed and [illegible] head.

Pecora then put in a [illegible] ficers and directors o[illegible] tions with loans from [illegible] Company. Next he tu[illegible] "special suspense acco[illegible] of J. P. Morgan & C[illegible] orators in the first m[illegible] of October, 1929.

Whitney said the stock [illegible] ed at this time was [illegible] jointly but paid for ind[illegible] by the partners.

First Day of Chaos

"On the first day of chaos the vice-president of the New York Stock Exchange and several bank heads came to us," Whitney said. "We decided on the account in the hope of preserving order in the financial community.

"Those attending the conference before the operation was begun included Prosser of the Bankers Trust, Potter of the Guaranty, Wiggin of the Chase National, Mitchell of the National City and George F. Baker, Jr., of the First National Bank."

Whitney named seven firms as participating in the operation.

The First Securities Company; The Chase Securities Corporation; the Guaranty Company; the National City Company; the Bankers' Company; Guggenheim Bros., and J. P. Morgan and Company.

Situation Gone Over.

Whitney said the meeting was called because of 'chaos,' whole "liquidation" and that the situation was gone over thoroughly on the afternoon of October 24, 1929.

He testified that there was no formal meeting called but that the emergency brought the bankers together.

"Richard Whitney came to see us first as I recall," he said. Richard Whitney, brother of today's witness, is president of the New York Stock Exchange.

"How much did you buy?" Senator Couzens (R., Mich.), asked.

"We bought 1,146,609 shares," Whitney replied, at a cost of $137,752,705."

He continued:

"We sold out in 1930 for $138,820,060."

"What was the profit?" Couzens asked.

"$1,067,355, exclusive of interest," Whitney answered.

Company Stocks.

Pecora asked "is it fair to say that all 37 stocks dealt in by the pool were companies in which your firm or other participants were interested through stock holdings or financing?"

Whitney replied that would be an accurate statement if confined to the 25 stocks in which there were most trading.

"But that had nothing to do with the selection of the securities," he added. "They were among the most prominent stocks on the market and were pivotal or key stocks. We were trying to make order out of chaos."

Pecora asked if between October 24 and November 11, 1929, there were "violent fluctuations" in the market.

"Fluctuations downward in a succession of breaks," Whitney said as the audience laughed.

Often Morgan seemed to approve Whitney's swift replies with a paternal smile.

"There were a number of precipitate drops?" Pecora asked.

"That is very accurate," Whitnev said.

"We sought to overcome a 'no-bid' market.

Anxious Hours.

"In those days we had come to look for the hours of 11:15 and 2:15—the times when brokers check margin accounts—with a great deal of anxiety."

Whitney said the accounts' orders to buy were placed by his brother, Richard, and Warren B. Nash, treasurer of the exchange.

"They distributed it to the brokers in their discretion," Whitney said.

Pecora asked if any Morgan partners were directors in any of the security companies participating in the operations.

"No, Sir."

Questioning brought out that Morgan partners were on the boards of the Guaranty Trust and the Bankers Trust whose security affiliates were involved.

Whitney said that about the time of the operations, brokers' loans exceeded $8,000,000,000.

The bulk of this was to the 'account of others.' " he explained.

Withdraw Loans.

"These out of town sources began to withdraw their loans. In most instances the New York banks took over the withdrawals. These loans to 'account of others' were the most dangerous thing of all.

"We didn't have a large investment ourselves in the call market. Many other houses did. I think today they are not sure they will do it again."

"Participants in the suspense operations assumed a big risk?" Pecora asked.

"Yes, Sir. But I think the belief held by every thoughtful person in New York was that if some action was not taken the losses would have been greater than the risk involved.

"There was no thought of any profit."

A while thereafter, Thomas S. Lamont—one of the younger partners of the Morgan company, was called to the stand, the third partner to testify.

Davis Protests.

While Lamont was being questioned by Pecora, John W. Davis interrupted to protest "this is not an orderly procedure" because the witness had not been informed of the subject on which he was being questioned and hence was not prepared to answer.

J. P. Morgan sat back with his hands clasped while the counsel argued.

Chairman Fletcher ruled that the question was pertinent and Pecora told Lamont to inform himself so he could answer it.

Shortly thereafter the hearing was recessed until Monday.

Although excused as a witness, J. P. Morgan told reporters, "I think I'd like to see the end of this. I'm not certain but I think I'm coming back."

The partners instructed to return included Whitney, Thomas W. and Thomas S. Lamont, Arthur W. Anderson, Harold Stanley and William Ewing.

Morgan Is Excused.

WASHINGTON, June 2.—(AP)—J. P. Morgan was excused today as a witness in the senate investigation of his banking house today but he told newspapermen he probably would return when the inquiry resumes Monday.

[illegible] SPAIN [illegible]NICATED [illegible]TURDAY

[illegible]NCYCLICAL [illegible]ANTI-CATH-[illegible]S SIGNED

[illegible]CITY, June 3. [illegible]he entire government [illegible]f Spain has been au[illegible]ically excommunicated [illegible] the Catholic Church [illegible]gning anti-Catholic de[illegible]ees, the Vatican state department announced today after Pope Pius had issued a surprise encyclical declaring that new Spanish religious laws constituted a greivious attack on the church.

The department explained that no decree of excommunication will be proclaimed because the acts committed by the Spanish government come automatically under the provision of canon law.

No advance notice was given of the Pope's intention to publish the encyclical until the secretary of state's office announced it was ready.

(A religious congregation law was published in Madrid today changing religious orders to civil societies and turning art treasues worth millions of dollars over to the state. The Spanish bishops and archbishops called the new law "infamous" and "oppressive.")

The pontiff said he had made representations to the Spanish government because of 'the error of its course in wounding the dearest and most deep-seated sentiments of the people in disturbing mutual union and harmony, while assuring his beloved children of the clergy and laity how near his heart they were in the course of persecution."

After approval had been given the law concerning religious congregations, however, he said he feels it his duty to raise his voice anew.

Serious Attack.

His Holiness described the new law as one "which constitutes a new and more serious attack not merely on religion and the church, but also on those accepted principles of civic freedom on which the new Spanish regime pretends to be based."

The encyclical, addressed to all bishops in the world, said the Pope does not take this action to thwart political reforms "because the church accommodates herself to all forms of government and civil institutions provided the rights of God and Christian conscience are left intact."

He imputed antagonism against the church to "a hatred which secret organizations that seek the destruction of all religious and social orders entertain against the Lord."

The Pope made eight charges against the republic.

One was the separation of the [illegible]h and the state, which was [illegible]bed as being a "most griev[illegible]or."

Odious Watch.

[illegible] the Catholic religion has [illegible]us watch set over its teach[illegible] [illegible]n schools; the exercise of [illegible]p, religious processions, the [illegible]istration of sacraments for the dying, and services for the dead were hampered.

Three, the church was stripped of all property and forced to pay a tax.

Four, churches were declared the property of the state.

Five, religious congregations were deprived of the right to teach.

Six, religious orders were suppressed which took a vow of obedience to authority other than the state.

Seven, a blow was [illegible]ed at the supreme authority of the church by the declaration that the "authority of a vicar of Jesus Christ is foreign to the Spanish nation."

Eight, religious buildings were seized in order to establish lay schools.

"We invite all our beloved sons in Spain," the Pope summed up, "to employ every legitimate means to induce the legislators to reform enactments so contrary to the rights of every citizen and so hostile to the church, substituting others acceptable to the Catholic conscience."

He urged the bishops to use every means of furthering religious instruction, recommended that all unite in the defense of the faith, and emphasized the necessity of the church developing the Catholic action organization.

The pontiff ended with an invitation to have confidence in the unfailing assistance of God and imparted his blessings to the whole Spanish nation.

NAVARRO COUNTY FARMER GETS FIRST FARM MORTGAGE LOAN

A Navarro county farmer has received the first loan in Texas through a representative of the farm loan commisisoner, it was learned Saturday, in the two hundred million dollar farm mortgage indebtedness refinance fund, although the initial loan to a Texas farmer, who resides in Brazoria county came directly through the loan commissioner in Washington, D. C.

Loan No. 2 was filed in the Navarro county clerk's office Friday afternoon by F. L. Cole, et ux., to A[illegible] C. Williams, trustee for th[illegible]rm loan commissioner, on 85.78 [illegible]cres of the Peter Kelly surv[illegible]ar Wortham. The loan was p[illegible]ared in the Houston he[illegible]ters of the tenth district an[illegible]as handled by B. L. Sanders, [illegible]ocal representative. The loan was for $1,700.

Loan No. 3 in Texas also is being handled through the Corsicana office and goes to a Freestone farmer near Wortham and is in the sum of $2,800. The loan was in the Corsicana office Saturday morning.

The fund was provided for by congress to refinance indebtedness and to aid farmers in redeeming foreclosed farms.

In the districting of the United States, Texas is district 10 and the headquarters are in H[illegible]ton. Texas is the only state [illegible]ing a complete district[illegible] other eleven districts [illegible] more states are embr[illegible]

Woman of Plain People Lunched At White House

WASHINGTON, June 3.—(AP)—A woman of the plain people, fulfilling a life-long wish, walked up the white house front steps today and was welcomed as a luncheon guest.

She was Mrs. Pattie Willis South, 81, of Nicholasville, Ky., who wrote Mrs. Roosevelt that she wanted a meal in the white house "if it was only bread and milk."

Tall, slender, and talkative, she appeared enjoying it to the full.

DISTRICT FOUR OF E-TEX C OF C. WILL MEET IN CORSICANA

RE-ORGANIZATION TEXAS RELIEF COMMISSION EXPLAINED LOCAL UNIT

Representatives of Chambers of Commerce in District 4 of the East Texas Chamber of Commerce, comprising eleven counties will meet in Corsicana on June 20 for a discussion of President Roosevelt's Public Works program, and Texas and local participation. The meeting will be held in the local chamber quarters and will convene at 2 o'clock, according to information received Saturday from Hubert M. Harrison, general manager of the regional organization.

Details of the re-organization of the Texas Relief commission to conform with the new federal set-up and regulations, and the necessary changes in the county organizations were detailed to the Corsicana Unemployed Relief Committee at a called meeting Friday afternoon by Marshall Thompson, supervisor for the commission for the north-central district of Texas, which includes the largest population area of the state.

The principal change in the organization according to Mr. Thompson was that from a purely relief agency to a rehabilitation and employment service. He asserted that all future grants for aid would be made on a "case" basis or on the basis of individual relief rather than on a mass basis. He declared that no change would have to be made in the Navarro county set-up and only a few extensions made in the work in the city of Corsicana.

To Revise Relief Rolls.

Approximately $250,000,000 will be sought for projects in Texas under the terms of the Public Works Bill, Mr. Thompson told the committee, and hundreds of thousands of dollars from other federal funds is anticipated in the drive to supply employment to the 250,000 men now unemployed in Texas. All relief rolls will be revised to show the occupation or profession of the men receiving aid and when the new projects are started these men will be given employment first, and then if more workers are needed the employment lists will be thrown open to the general public.

He stated that the new relief commission would be headed by Lawrence Westbrook, and would include seven men from over the state; the county boards will be composed of five men. He stated that the ideals of the new work would be assistance given in such a way as to maintain and restore health, decency, and precision.

On Basis of Needs.

In the future, he stated, relief awards will be made only on the basis of the needs of the individual applicants and will not be given on the basis of so many dollars per month for a certain-sized family. He pointed out that it would require visiting each of the families and surveying their actual needs.

Mr. Thompson told members of the committee that a few changes would be necessary in the organization that is handling relief work in this county, because they had foreseen the needs even before the commission and had organized their work on that basis. He reported that all work in the county had been conducted on a case basis and that with a minimum of effort the city work could be placed on the same schedule. He complimented the working of the local unit.

POURING CONCRETE RESUMED FRIDAY ON OAK VALLEY ROAD

Resumption of the pavement of the Corsicana-Oak Valley optional lateral road in Consolidated Road District No. 1 was reported Friday afternoon and despite a several hour shutdown, approximately 1,650 feet of the pavement was constructed. Work was continuing Saturday.

With the exception of 1,900 feet to be poured on the Black Hills lateral to bring that road to the intersection with Highway 22 west from Corsicana, the Oak Valley lateral is the final road provided in the original bond issue petition of 1927 to be constructed by the district.

The district's part of Highway 22 from a point in the Corsicana-State Home road to the district line near Pinkston has been in escrow with the state highway department for months. Officials expect that the highway between Corsicana and Hillsboro will be constructed within the near future following the recent passage or an order directing that the highway surveys be completed from the Hill-Navarro county line into Hillsboro. The plans and specifications for dirt and drainage structures from Corsicana to the Hill-Navarro county line have already been finished.

Entertained Class.

WORTHAM, June 3.—(Spl.)—Supt. L. A. Roberts, complimented his public speaking class Thursday afternoon with a theatre party. The class enjoyed the drive and also the show at Mexia. This is the second courtesy extended [illegible]y Roberts to the public speak[illegible]g class, the other was a treat at [illegible]e "Little Theare" in Dallas, [illegible]hen twenty-two of the members [illegible]joyed one of Shakespeare's plays.

LONGEST SESSION OF LEGISLATURE IN HISTORY ENDS

CUTTING COST OF STATE GOVERNMENT WAS SESSION'S CHIEF ACCOMPLISHMENT

AUSTIN, June 2.—(AP)—The legislature was in adjournment today after the longest continuous session in history, 143 days.

It had reduced the appropriations 25 per cent under expenditures authorized by the 42nd legislature. However, the lawmakers had turned a deaf ear to Governor Miriam A. Ferguson's plea that they find a new source of revenue to relieve those who at this time are assessed under the ad valorem system.

There was only one revenue measure sent to the governor and it levied a tax on oil and intangible assets of pipe lines. Under its terms a tax of two cents per barrel would be levied on oil, as compared with two per cent of the sale value of the oil at this time.

The state's financial condition still was a matter of concern to the governor but she was not aided by the legislature in an effort to take care of that situation, she believed.

Appropriations for government support were reduced approximately $13,000,000 from $46,000,000 to $33,000,000. That was the chief accomplishment of the legislature, a reduction of approximately one-fourth in the cost of government.

The legislature had planned to quit at noon, but was unable to get away until shortly before 5 p. m., because of the delay in preparing bills and resolutions for signature of the presiding officers.

Died On Calendars.

Bills to regulate public utilities, to increase the tax on natural gas, to levy a high tax on chain stores to abolish the "ready-to-serve" charge of gas utilities, to require printing of public school text books, to repeal the Robertson Insurance law and to reorganize the government were among proposals that died on the calendars of the respective houses.

In the closing hours, the legislature agreed to a conference report on a bill to pay miscellaneous claims and accounts amounting to $333,004. Both houses rejected the report when it contained items appropriating $500,000 to pay West Texas farmers for pink boll work eradication, $500,000 to repay East Texas counties for money expended in cattle tick eradication and $122,000 to pay farmers of Galveston, Harris and Chambers counties for losses sustained in stamping out the hoof and mouth disease.

The legislature passed the enabling act to a constitutional amendment adopted last November to combine the offices of county tax assessor and tax collector.

A conference report on a bill to increase tuition fees at state colleges from $30 per long term to $50 was adopted. A conference report on a bill to allow colleges to retain their registration fees as local funds also was approved.

Provision was made to continue the investigation into fees collected by county and district officials. The investigation was started in the 42nd legislature and resulted in passage of a bill drastically reducing the maximum allowances that may be retained by fee officials. The committee uncovered evidence on which many indictments charging sheriffs with extortion were based.

Named on the committee were Senators H. Gray Woodruff of Decatur, Walter C. Woodward of Coleman, J. W. E. H. Beck of DeKalb, Will M. Martin of Hillsboro, George C. Purl of Dallas, W. R. Poage of Waco and John S. Redditt of Lufkin.

The committee was empowered also to inquire into tax delinquencies of corporations and into any other government irregularities.

W. M. S. Zone Meeting Wednesday Be Held Chatfield

Mrs. Thomas Hanks, zone leader, announces an all day meeting with covered dish lunch of the Methodist Woman's Missionary Society with representatives from Corsicana First Church, Eleventh Avenue, North Church, Emhouse, Rice, Eureka, Kerens, Bazette and Chatfield to be held at Chatfield next Wednesday, June 7. Edens Constructing Huge Stock Barn

One of the largest barns in Navarro county is under construction on the J. N. Edens, Jr., farm near the Three-Way filling station on Highway 22 south of Lake Halbert.

The structure is of the corrugated iron type and is 200x84 feet and 28 feet high. It will be used principally as a hay and stock barn and is costing several thousand dollars.

Minister On Vacation.

WORTHAM, June 3.—(Spl.)—Rev. and Mrs. George Jurrens and children, Georgia May, and Stanley, will leave Monday morning for visit in Hannibal, Mo., aand also with relatives in North Dakota. They expect to be gone about a month, and visit the Chicago Fair en route home. Rev. Jurrens is pastor of the First Baptist church of Wortham. They are making the trip by automobile.

Courthouse News

District Court.

An agreed judgment was entered Thursday in the case of H. E. Stallings as next friend for Rufus Stallings, a minor, vs. Vermont Marble company, a corporation, damages.

The bond of Fred Fulch, charged by indictment with alleged chicken theft, was ordered forfeited by Hawkins Scarborough, judge of the Thirteenth judicial district court, Friday morning. The defendant did not answer when the case was called for trial.

Henry Goodman entered a plea of guilty to an indictment for burglary and was given a two-year suspended sentence Friday morning. He was indicted in connection with the burglarizing of the C. L. Tillman store at Blooming Grove. A companion indictment for theft was dismissed upon the motion of Cleo G. Miller, criminal district attorney. The store was entered May 3, this year.

District Clerk's Office.

The following cases were filed:

H. E. Stallings as next friend for Rufus Stallings, a minor, vs. Vermont Marble Company, Inc., damages.

R. D. Fleming vs. Mrs Maurice Adam, debt and foreclosure on a part of Block 487, Corsicana.

Marriage License.

John Goodwin and Ilmay Brown.

Warranty Deeds.

J. W. Crocker, et ux, to J. D. Crocker, 100 acres of the John Lee survey, $900. and other considerations.

Claud Starr, et ux, to Jesse G. Dyer, north one-half of lots G, C, D, and H, Division 7, Rice, $567.

Precinct Births.

The following birth certificates were filed in the office of Sam B. Jordan, justice of the peace, precinct 1, place 2, and registrar of precinct 1, during the month of May:

Born to Mr. and Mrs.:

T. B. Dixon. Emhouse, March 10, a son.

H. M. Parrish, Emhouse, March 21, son

Robert L. Epperson, Corsicana, May 14, a son.

Paul Everett Hamel, Corsicana, March 21, a daughter.

Floyd Gillespie, Corsicana 6, March 20, a son.

Jesse Dean Putman, Corsicana 1, April 30, a daughter.

W. G. Holleman, Corsicana 3, May 7, a son.

Clint Fouty, Navarro, May 10, a daughter.

FAIRFIELD SCHOOLS CLOSED WITH FINAL EXERCISES FRIDAY

FAIRFIELD, June 3.—(Spl.)—Friday morning marked the climax of the year's work and activities in the local school. Commencement exercises opened at 10:15 a. m. in the high school auditorium, with a large and appreciative audience present. In addition to the local patrons there were many relatives and friends of the graduates from far and near.

The stage was decorated in simple but artistic fashion with baskets of cut flowers and evergreens. Seated upon the stage were nineteen membrs of the graduating class, B. B. Cobb, of Waco; W. A. Parker, W. F. Richardson, P. D. Browne, Rev. J. N. Vincent, Mrs. Frank McDonald, Misses Mattie Anderson, Modena and Carolyn Vincent.

Mr. Cobb delivered a brief but most highly appreciated and convincing address on "Standing for Something."

W. A. Parker, president of the school board, presented diplomas to the following graduates: Ruth Bonner, Hope Bonner, Neil Charers, Myldred Burleson, Aline DeBerry, Ethel Evans, Louise Harrison, Ruth Lane, Neva Marberry, Earl McAdams, Marie Miller, Ruby Dell Prouty, Eloise Williamson, James Baker, Ernest Bonner, Millard Cannon, Firney Glazener, Linn Gorman, Richard Hill, Clois Icy, Jervis Robert Manahan and Willard Manahan.

County Superintendent W. F. Richards led the closing prayer, Miss Mattie Anderson played the recessional.

After the commencement exercises the graduates, accompanied by Rev. J. W. Simpson, Superintendent, P. D. Brown, Misses Mary Hall, May Pridgen and Mary Grace Lott, enjoyed a banquet at the Cook Hotel.

MARRIAGE LICENSE LAW IS CHANGED BY LAST LEGISLATURE

Under the recently enacted marriage legislation by the Texas legislature and effective Sept. 1, this year, the "gin marriage" law was repealed and a "day marriage" provision was provided, according to information received by L. C. Morgan, Navarro county clerk.

The new law provides that no marriage licenses shall be issued between 6 p. m. and 8 a. m., putting a stop to the practice frequently employed by prospective bridegrooms and brides of getting sleepy county clerks and deputies ou tof bed at all hours of the night to issue marriage licenses.

The new law did away with the provision of three days notice of intentions of marriage, but kept that section of the 'gin marriage" law, which provides for a physician's certificate for the bridegroom.

Another provision passed by the legislature relating to county court and county clerk business is the reduction of the pay for jurors in lunacy cases. The new provision reduces the pay of the jurors from $3 to $1, County Clerk Morgan pointed out.

Two Men and Much Liquor Captured

FAIRFIELD, June 3.—(Spl.)—Deputies Wasson and Glass caught a liquor car Monday night east of town. The car contained 13 gallons of liquor, two white men and a boy. The boy was released but the men were each placed under $1000 bond. They were from Palestine.

NEW TAX PLAN FOR FINANCING OF BIG PUBLIC WORKS BILL

CHAIRMAN HARRISON OF SENATE COMMITTEE HAS COMPLETE SUBSTITUTE

WASHINGTON, June 2.—(AP)—A complete substitute for the house plan of taxation to finance the $3,300,000,000 public works section of the industrial recovery bill was laid before the senate finance committe today by Chairman Harrison.

Under its provisions, the existing law is strengthened against private bankers and partnerships as a result of testimony before the senate committee investigating J. P. Morgan.

Explaining it was his individual plan, Harrison told newspapermen before going into the executive session the substitute would raise $227,000,000 and provide:

A tax on corporate dividends withheld at the source, $70,000,000.

Re-enactment of the one-tenth of one per cent capital stock tax, $80,000,000.

Removal of the prviate bankers exemption from the capital loss deduction provision of last year's revenue act, and denying the individual the right to take up on his personal return the distributive share of any partnership losses, $15,000,000.

Increase of one half cent a gallon in the gasoline tax, $62,000,00.

The Harrison program eliminates the house income tax increases, reduces the house gasoline increase by one quarter of a cent, and changes the corporate dividend tax so it would be collected at the source and thereby save additional administrative expense.

Dun-Bradstreet Report Continued Business Advance

NEW YORK, June 2.—(AP)—Continued industrial expansion was reported by the Dun and Bradstreet Weekly Review today.

"The forward swing," it said, "rests on the definite upward trend in consumption, employment and wage levels, the importance of which is not fully realized as yet, as the transition has been such a sudden one, and constructive developments have been so rapid. The course for trade progress has ben cleared as more of the extraneous influences which retarded the pace for a time have been rendered impotent by the well-fortified ramifications to which the improvement has been extended.

"A further stimulous to the upward movement is being provided by the general support being given the administration's sweeping industrial recovery measures, which open the way for conduct of business on a reasonable earning basis, and the growing appreciation of the importance of credit and sound credit practices in commerce and industry.

"Besides, the constant widening of employment, the rises in wage scales annonced from wek to week, and the gain of nearly 20 per cent in the prices of farm products in the last two months have opened a new source of spending power which was not discenible even faintly six months ago."

Both retail and wholesale buying continue to improve, the review said. Large department stores report volume "fully 10 per cent ahead of the 1932 level, with further gains in prospect."

Hamilton Given Life Term Charge Murder Hillsboro

HILLSBORO, June 2.—(AP)—Raymond Hamilton was sentenced to life imprisonment today for the slaying of John N. Bucher, filling station and store operator, here in April last year.

It was the second longest term ever assessed in this county. At a trial in March, the jury could not agree and was dismissed after deliberating several days.

Mrs. Bucher, widow of the slain man, related at both trials how her husband was shot down before her when two youths who entered her husband's store to buy guitar strings demanded the contents of the safe.

Hamilton previously had been sentenced to long prison terms for a bank and a packing house robbery in Dallas county and participation in a bank robbery at Carmine.

Navarro County Teachers Quoted In "The Outlook"

Articles by two Navarro county and one Corsicana school teachers and officials, appeared in the June issue of "The Texas Outlook." official organ of the Texas State Teachers' association, published in Fort Worth.

Under the heading of "Correspondence," letters from W. V. Harrison, Frost, and Superintendent G. H. Brown, Blooming Grove were published. In the "Elementary Principals and Supervisors" department of the magazine, an article "One Good Answer", by George P. Mecham, Sam Houston principal, and head of the department, was published.

More Canning Units Will Be Circulated In Navarro County

Permission has been received from officials of the Texas relief commission for the purchase of ten additional canning units, making a total of 20 that will be circulated throughout the county during the summer and fall months, officials of the Corsicana unemployed relierf committee announced Saturday afternoon.

The canners and a preliminary supply of cans will be available Tuesday and they will be placed in service immediately.

District Meeting Woman's Missionary Society in Hubbard

The annual district meeting of the Woman's Missionary Society met in Hubard City in an all-day session Wednesday of this week. An inspirational and well rendered program was gien with members of auxiliaries over the district taking part.

The society of the Eleventh Avenue Methodist church was well represented. The following twelve people were present: Mesdames J. E. Pickring, L. K. Carraway, Johnny Denbow, H. B. Frow, R. L. Tadlock, J. Mell Smith, Powers, N. G. Hardin, Misses Dorothy Copley, Willie Faye Farmer and Rev. J. F. Adams.

Rev. Adams gave a talk on prohibition. We, as Christian followers and leaders, take our stand with our pastor on this question, and will continue to mingle our prayers with his, and all Christians.

Next Monday is business meeting. Be present and help us to carry on our work for God's kingdom. The spiritual life and message groups have called a prayer meeting after the close of our meeting at th home of Mrs. Aston on Fourteenth avenue. You are invited to attend.—Reporter.

The bride is the daughter of Mr. and Mrs. W. A. Posey of Wortham, was born and reared here, and is a graduate of the Wortham High school, and also received her degree from the State University.

Arrested in Powell.

Deputy Sheriffs Jack Floyd and J. M. Westbrooks arrested a man in Powell early Monday afternoon on a charge of drunkenness.

NEW OFFICERS FOR ROTARY INSTALLED MONDAY'S MEETING

MUSICAL PROGRAM FEATURED W. O. BARLOW AND A. AND M. BAND MAN

J. Stanford Halley, president, and other newly elected officers of the Rotary club, were inducted into the leadership of the organization at its luncheon meeting Monday at the Navarro Hotel. Jim Robinson who retired as secretary after holding that office for the past 12 years, was made an honorary member of the club.

A musical program, featuring W. O. Barlow and George Fairley, of A and M college band, was presented by Joel C. Trimble.

Mr. Fairley and Mr. Barlow first played two clarinet duets, with Mr. Trimble as the accompanist, and followed with Mr. Fairley playing a violin solo, "Moment Musicale," by Schubert. The second violin number, a novelty, was "Carnival of Venice," in which Mr. Fairley showed many ways it could be played on a violin.

Retiring President McClendon, introduced the following retiring officers, who made reports: R. C. Sizemore, Ben Blackmon, Jim Nick Garitty, Carl Patterson and Jim Robinson. After paying a warm tribute to Mr. Robinson, Ted B. Ferguson, announced the retiring secretary had been made an honorary member.

Rotary Spirit Strong.

Mr. McClendon thanked the club for its co-operation during the past year, and said the club may be lacking in finances and membership, but is still strong in the spirit of Rotary. He outlined the club's accomplishments during the past year, and after reading an appropriate story, turned over the gavel to President Halley. He extended his best wishes to the incoming president.

In accepting the gavel, Mr. Halley said he and the club will feel lost without President McClendon and Secretary Robinson, "two of the best officers that ever served the club." President Halley said he would do all in his power to make the club a good president. He asked the co-operation of all the members. In closing he thanked the board of directors for conferring on him the honor of the presidency.

Other newly-elected officers who made a few remarks, were: Vice-President Dr. L. E. Kelton; secretary, Lowell Estes; treasurer, Jimmie McCammon, Sargents-at-arms Horace Johnston and Burle Daviss, and director P. D. Williams.

DRY CLEANING

There are many occasions when you can't wash your hair and yet a shampoo is necessary. Cold-in-the head periods, days when the hot-water system is out of order, times when you have to look fluffy-haired and pretty, and have only a few minutes to do it, and can't wait for wet hair to dry. You can think of plenty of times when a dry shampoo of the hair would be a blessing.

Now, there are a few dry shampooes on the market; Liquids to rub on your hair with a sponge or a wad of cotton, which absorb the grease and take off the dirt and dry almost at once. There are powders which come in small envelopes; two such envelopes will do a dry shampoo. Or you can buy yourself some powdered orris root, or some powdered bran, get a good brush, and give yourself a thorough and a cleansing shampoo in a very few minutes.

Keep your shampoo powder in one of those tin sifter-top cans used in the kitchen for salt or flour. The bathtub is the best place to lean over when using the powder, for then it is quickly washed away and no dust flies over the room. Sprinkle the powder thickly over the head, and rub it through first with your fingers, so as to get it quite down to the scalp. Then begin to brush it out. Let the bristles of the brush sink into the hair so they massage the scalp, and as you brush, lift the hair away from the scalp, outward and upward. This lets the air go through the hair, makes it look thick and fluffy, and it also gets the powder out more quickly.

Vary the brushing by shaking the hair and rubbing your hands through it to loosen the powder. Either bran or orris root comes out quickly, and the clean, soft hair is a joy to possess. If you have removed the powder, take a wad of cotton, soak it in the hair tonic and rub this wet cotton over the scalp. It removes any traces of powder, and makes it easy to comb the hair in place at once.

Mrs. J. C.—Very few vegetables are fattening, so that information about fea rof weight through eating them is wrong. The carbon foods are what fatten, and these are the starches from grains. Animal fats you get with meat or the shortening in pastries. In fact, all [illegible] come fat, but [illegible]l. Potatoes fatten [illegible] the starch, but they need not be taken from the diet unless there are so many other fattening foods eaten, like the white-flour products. Potatoes have enough protein to take the place of meat, and their mineral value is very high if the potato is baked and the skin also eaten. None of the greens are fattening; in fact, there are no vegetables you need omit from your diet.

Tomorrow—Diet Don'ts

Large Egg Shown Thursday Afternoon

An unusually large egg, laid by a Rhode Island Red hen, owned by Mrs. Louis Winkler, 516 East Second avenue, was displayed at the Daily Sun office Thursday afternoon.

The egg measured 8 1-2 inches by 6 1-2 inches, and weighed over a quarter of a pound. It contained two yolks.

Mrs. Winkler said the hen that laid the egg lays extremely large eggs or extremely small ones..

Grand Jury Takes Two Weeks Recess

The Navarro county grand jury recessed late Thursday afternoon until Tuesday, June 13.

The probers returned seven indictments for alleged forgery and one for alleged violation of the prohibition laws. There had previously been three liquor law indictments returned since the investigators began work Tuesday morning.

Arrest Man Charged With Theft of Auto

Cecil Epps was arrested here Thursday afternoon by Sheriff Jim Sessions of Freestone county and Deputy Sheriff Jack Floyd of Corsicana and was taken to Fairfield.

Epps was named in a complaint for alleged auto theft in connection with the recent theft of an automobile in Teague.

MINUTE MOVIES— By Ed. W[illegible]

WHEELAN SERIAL
SERPENTS OF THE CITY
EPISODE 13
AS JOE SCARLETTI, ACCOMPANIED BY NICK FOWLER, LEFT HIS TABLE HE WAS STOPPED BY A DETECTIVE
JUST A MINUTE, JOE! GUESS YOU'D BETTER COME ALONG WITH ME !!
HEADQUARTERS WANTS TO QUESTION YOU ABOUT THE BUMPING OFF OF MAXEY BLOOM, THE RACKETEER!
O.K., CALLAHAN, BUT I DON'T KNOW A THING ABOUT IT !!
FROM THEIR TABLE "BLACKIE" BLACK AND ANNA CONDA WATCHED THE PROCEEDINGS WITH INTEREST
THAT'S CALLAHAN, THE DETECTIVE !! WONDER WHAT HE STOPPED SCARLETTI FOR ?!
MEANWHILE JOE WAS APOLOGIZING TO THE PROPRIETOR OF THE "DIZZY CLUB"
SORRY ABOUT THIS, NICK, BUT THE "DICK" IS ALL WET. THEY HAVEN'T GOT A THING ON ME, NOT A THING!
OF COURSE NOT, JOE !!
JOE'S ABSENCE WAS EXPLAINED TO TOM KNIGHT A FEW MINUTES LATER
MR. SCARLETTI WAS SUDDENLY CALLED OUT ON IMPORTANT BUSINESS, SO HE ASKED ME TO EXPLAIN TO YOU NOT TO WORRY IF HE DIDN'T GET BACK !!
A MOMENT LATER
THE COPS WANT TO QUESTION SCARLETTI ABOUT MAXEY BLOOM'S MURDER. MAYBE THEY'VE GOT THE GOODS ON HIM !!
HM-M !

New York Cotton Table.

[illegible]EW YORK, June 5.—(AP)—Cotton [illegible]res closed firm 20-25 higher.

	Open	High	Low	Close
July	9.05	9.25	8.87	9.24
October	9.32	9.49	9.12	9.48-49
December	9.48	9.66	9.28	9.64-65
January	9.57	9.72	9.35	9.72
March	9.71	9.85	9.52	9.84
May	9.85	10.00	9.68	10.00

Spot quiet; middling 9.30.

New Orleans Cotton Table.

NEW ORLEANS, June 5.—(AP)—Cotton futures closed steady at net advances of 20 to 21 points.

	Open	High	Low	Close
July	9.00	9.17	8.81	9.17
October	9.28	9.44	9.07	9.42-44
December	9.41	9.58	9.21	9.57-58
January	9.49	9.49	9.41	9.64-b
March	9.61	9.65	9.49	9.79-b
May	9.78b	....	....	9.94-b

Chicago Cotton Futures.

CHICAGO, June 5.—(AP)—Cotton futures closed: July 9.28, Oct. 9.50, Dec. 9.65.

New Orleans Spots Higher.

NEW ORLEANS, June 5.—(AP)—Spot cotton closed steady 21 points up. Sales 695; low middling 8.67; middling 9.17; good middling 9.57; receipts 1,988; stock 983,995.

New York Cotton Higher.

NEW YORK, June 5.—(AP)—Cotton opened steady, 4-8 higher on trade and commission house buying and expectations of favorable Washington developments. July 9.05, Oct. 9.32, Dec. 9.48, Jan. 9.57; March 9.71, May 9.85.

The opening advance met further liquidation, probably brought in by the declines of Saturday and a favorable view of weather in the south. Selling was absorbed on slight setbacks, however, and the market was steady at the end of the first half hour with July ruling around 9.04 and December 9.47 or about 4 to 6 points net higher.

After demand had been supplied at about the opening prices, the market turned easier under increased liquidation and scattered selling. Failure of the bullish features noted at the opening to create more general buying may have been a disappointment to holders of contracts, while a disposition to emphasize the difficulty of securing acreage reduction in view of prevailing prices and the large percentage of the crop already planted, was referred to in connection with the selling. July broke to 8.87 and December to 9.28, making net losses of about 13 to 14 points, but offerings tapered off after the reaction of about $1 a bale from the early highs and the market was steadier late in the morning. At midday July was ruling around 8.93 and December 9.35 or about 5 to 8 points net lower.

The market rallied further late in the day on active rebuying by early sellers with contracts scarce. Futures closing firm, 20-25 higher. Spot quiet; middling 9.30.

New Orleans Cotton Steady.

NEW ORLEANS, June 5.—(AP)—Cotton had a steady opening today. Liverpool was still closed for Whitsuntide but there was fair trade buying at the start here and prices opened 4 to 6 points up. The market soon eased, however, on selling induced by fears that the government would not be able to finance the purchase of cotton acreage under the farm relief bill at present prices. July dropped to 8.[illegible] [illegible]21 and December to 9.2[illegible] [illegible] to 8 points under the opening [illegible].

[illegible]ater in the first hour the market rallied on a renewal of trade buying and [illegible] recovered 5 to 7 points of the previous decline with July at 9.02 and October at 9.26, or 4 to 6 points above Saturday's close.

The market gradually declined during the greater part of the morning, partly [illegible] to the erratic course of stocks and [illegible], but mainly on selling based on [illegible] continued good weather in the belt. [illegible] eased to 8.81, October to 9.07 and [illegible] to 9.21, or 21 to 23 points [illegible] from the early highs and 13 to [illegible] points under Saturday's close.

Late in the morning, the market rallied with improvement in stocks, which induced shorts to cover, and July recovered to 8.[illegible] and October to 9.18, or 11 to 12 points up from the lows to within four points of the close of Saturday.

N. O. Cottonseed Oil Steady.

NEW ORLEANS, June 5.—(AP)—Cotton seed oil closed steady. Prime summer yellow 4.85-4.95. Prime crude 4.00-4.25. June 4.75, July 4.83, Aug. 4.88, Sept. 4.93, Oct. 5.00, Nov. 5.06, Dec. 5.18.

N. Y. Cottonseed Oil Irregular.

NEW YORK, June 5.—(AP)—Bleachable cotton seed oil futures closed irregular; spot 4.25b; June 5.26b, July 5.30; Aug. 5.34b; Sept. 5.41b, Oct. 5.45b, Nov. 5.55b, Dec. 5.54b. Sales 20 contracts.

Call Money Steady.

NEW YORK, June 5.—(AP)—Call money steady; 1 per cent all day.

Time loans easier; 60-90 days 3-4@1; 4 months 3-4 to 1; 5-6 months 1@1 1-4 per cent.

Prime commercial paper 1 3-4.

Bankers' acceptances unchanged.

30 days 1-2@3-8.

60-90 days 1-2@5-8.

4 months 3-4@5-8.

5-6 months 1@7-8.

NAMES SUSPECTED GOLD HOARDERS ARE SENT TO PROBERS

WASHINGTON, June 5.—(AP)—Attorney General Cummings said today he had transmitted to the field offices of the bureau of investigation more than 1,000 names of suspected gold hoarders with a view to compelling compliance with President Roosevelt's order that all gold or gold certificates above $100 be returned to the treasury.

The names which are now being investigated were the first sent to the department of justice by the treasury department which had compiled them from reports of banks over the country.

The attorney general said the agents of the bureau of investigation would inquire immediately of those on the list whether they still had the gold or gold certificates in their possession.

If so, the holder will be advised specifically to turn in his gold immediately and the criminal section of the President's order providing a fine of $10,000 or ten years in prison or both called to his attention.

The attorney general said this course was taken to prevent, in the event of prosecution, the gold holder from advancing the "special claim" that he had never he[illegible] the law.

[illegible] holder contends that the [illegible] has left his possession, the [illegible] of it is to be traced.

[illegible]mas Awarded Texas Graduates

AUSTIN, June 5.—(AP)—Approximately [illegible] diplomas were awarded [illegible] in graduation exercises at the University of Texas.

Dr. H. Y. Benedict, president, made the awards. He briefly addressed the graduates, urging them to make good use of their [illegible].

Dr. Benedict [illegible] that a [illegible]

[illegible] Worth, freight [illegible] Texas Gulf ports, export or Texas common points:

Wheat: No. 1 hard 80 1-4@82 1-4.

Sorghums: No. 2 milo per 100 pounds 1.00-1.02; No. 3 milo 96-99. No. 2 kafir per 100 pounds 92-94; No. 3 kafir 90-92.

Delivered Texas common points or groups three: Corn No. 2 mixed 58 1-2@59 1-2; No. 2 white 61-62; No. 2 yellow 59-60.

Delivered Texas common points: Oats No. 2 red 32-33 1-2; No. 3 red 31-31 1-2.

Wheat Turns Upward.

CHICAGO, June 5.—(AP)—Helped by notice of arrangement to finance sales of $10,000,000 of United States wheat to China, wheat turned upward today after a wavering start. Extremely high temperatures in domestic winter wheat territory southwest tended also to lift prices. Opening unchanged to 3-8 lower, wheat afterward rose all around. Corn started at 1-8 to 5-8 decline, and then rallied somewhat.

Wheat closed strong, 1@1 1-4 above Saturday's finish, corn 1-2 to 7-8 up, oats 1-2 to 5-8 advanced, and provisions varying from 15 cents decline to 10 cents gains.

Chicago Grain Table.

SENATE COMMITTEE ACCEPTS TAX PLAN FINANCE RECOVERY

WASHINGTON, June 5.—(AP)—The senate finance committee today adopted the Harrison tax program to finance the $3,300,000,000 public works project in the industrial recovery bill. It eliminates the house increases of tax rates on small incomes.

After voting this into the bill, the committee recessed until late in the day to vote on a motion to reconsider its rejection last week of the provision authorizing the President to license industries in enforcing codes of fair competition.

The tax program of Chairman Harrison (D., Miss.), was approved after a motion to reconsider rejection of the sales tax and lost 10 to 9. Sales tax advocates gained one more vote compared with last week's 10 to 8 rejection.

Harrison's program provides for a capital stock tax of one-tenth of one per cent on the fair valuation of corporations, which is estimated to raise $80,000,000.

The senate finance committee today approved an amendment authorizing the President to ban interstate shipments of illegally produced oil.

The amendment was proposed by Senator Connally, (D., Tex.), and reads as follows:

"The President is authorized to prohibit the transportation in interstate and foreign commerce of petroleum and the products thereof produced or withdrawn from storage in excess of the amount permitted to be produced or withdrawn from storage by any state law or valid regulation or order prescribed thereunder, by any board, commission, officer or other duly authorized agency of a state."

ORBED AKING TO ON UPWARD

ODITIES RATHER UNCERTAIN; MANY SPECIALTIES STAGED GAINS

NEW YORK, June 5.—(AP)—The stock market surged forward again today, following profit taking irregularities in the wake of Saturday's reaction, and gains of 1 to 4 or more points were recorded by many recent favorites. Trading volume expended noticeably on the rally and the ticker tape was several minutes behind in the last hour. The close was strong. Approximately 5,000,000 shares changed hands.

By VICTOR EUBANK
Associated Press Financial Writer

NEW YORK, June 5.—(AP)— The stock market absorbed profit taking in fairly large doses today and leading issues again turned upward.

Strength was displayed by a number of specialties, with the sugar and alcohol groups being in demand at gains of 1 to 3 or more points. Commodities were rather uncertain.

Allied Chemical again was a star performer with a gain of around 4 points. Western Union gained as much. Wet issues that drew renewed attention included Crown Cork, National Distillers, Liquid Carbonic, Industrial Alcohol and Owens-Illinois Glass. Among other stocks up 1 to 2 were Woolworth, American Telephone, Du Pont, Celanese, U. S. Steel, Preferred, Case, International Harvester, American Can, Great Western Sugar, Porto Rico Sugar, American Sugar Refining, Dome Mines, McIntyre Porcupine and Louisville & Nashville. The rails were inclined to proceed at a slow pace, although Santa Fe, Delaware & Hudson, Southern Pacific and Pennsylvania were fractionally firmer.

While financial observers generally were divided as to present market indications, most of them were of the opinion that the immediate action of prices reflected caution in professional ranks, principally as the result of the almost perpendicular advance since April, which, in the opinion of many, may call for technical adjustment.

Curb Profit Taking.

NEW YORK, June 5.—(AP)—In some sections of the curb market today, continuation of Saturday's profit-taking was evident, though a number of miscellaneous issues, including a few relatively inactive shares, forged ahead.

Utilities offered good resistance to scattered early selling. Electric Bond and Share, opening more than a point higher, held most of its rise as trading progressed. American Gas and Electric was steady to firm.

Oils strengthened after their relapse of the last session. Humble got back Saturday's loss and Gulf rallied about a point.

In specialties, Deere, Great Atlantic and Pacific, Singer and National Steel Car were heavy. Aluminum of America moved erratically. Shares of Swift and Co. were active and firm.

HOUSE APPROVES RAYBURN MEASURE TO IMPROVE RAILS

BILL NOW GOES BACK TO SENATE FOR ADJUSTMENT OF DIFFERENCES

WASHINGTON, June 5.—(AP)—Overwhelming house approval today was given another of the Roosevelt national-recovery proposals—the Rayburn measure to improve the condition of the nation's railway systmes.

Creating a federal co-ordinator to effect economies and scale down capital investments in the rail systems through a suspension of the anti-trust laws, the bill now goes back to the senate for adjustment of differences between the two branches it passed without a record vote.

The measure also places holding companies under the jurisdiction of the interstate commerce commission and repeals the recapture clause of the 1920 transportation act thus cancelling $361,000,000 in government claims against carriers for excess profits.

The bill protects labor by preventing the discharge by railroads of any employes through consolidations or eliminations of services or terminal facilities.

DAMAGE SUIT AS RESULT CROSSING DEATH IS SETTLED

Settlement of claims for damages by Tom Kener, Fitz Kenner and others against the Chicago, Rock Island and Gulf railroad company, Inc., as a result of an accident at the intersection of West Seventh avenue, Corsicana and the Rock Island tracks, on March 8, 1933, when a car in which Mrs. Fitz Kenner and others were riding, was struck by a Rock Island train, was effected in agreed judgments entered before Hawkins Scarborough, district judge, early Monday afternoon.

The total damages, including hospital, ambulance, dental and other bills and burial expenses for Mrs. Fitz Kenner who died several days later, amounted to approximately $5,750., C. W. Taylor, railroad attorney announced.

The suits were brought by Lovett and Lovett.

Sick and Convalescent.

Dr. W. K. Logsden was reported recently to be doing nicely in a Dallas hospital.

MORGAN

(Continued From Page One)

Morgan counsel, in a closed committee session before the hearing, made for postponement until tomorrow of a decision whether to inquire into the personal income tax returns of three partners in the huge bank, Thomas S. Lamont, William Ewing and Harold Stanley. The vote against deciding at once was ten to two.

Legal Issue Raised.

Members of the committee said Davis raised the point that the law does not permit publication of income tax returns.

It was this question that the committee decided to study.

J. P. Morgan paid little attention to much of Van Sweringen's examination, although he had looked over the opening statement while it was being read.

M. J. Van Sweringen sat near him in the hot room that once again was jammed to the doors by spectators.

Only a few of the senators were present, including Senators Goldsborough (R., Md.), Byrns (D., S. C.), Adams (D., Colo.), and Kean (R., N. J.) In addition to Fletcher as Van Sweringen read his long statement.

Davis and members of the Morgan firm were seated in the background, with J. P. Morgan, the senior partner, smoking a cigar as usual, over near one of the big windows.

Alleghany Acquisition.

"You formed the Alleghany corporation to acquire control or part control of various railroad lines?" Pecora asked as Van Sweringen completed his statement.

"That was its purpose, I think," Van Sweringen said.

"You invaded the railroad field in 1916?"

"Yes."

"Through purchase of the Nickel Plate?"

"Yes, we bought into the Nickel Plate."

"Who was associated with you in this venture?" Pecora asked.

"My brother, C. R. Bradley, J. R. Nutt and quite a few others," Van Sweringen replied.

Pecora then asked a series of questions as to who wrote his opening statement and who aided.

Did Not Consult Morgans.

Van Sweringen said he drew the statement, that several in his office aided in framing it and no one in Morgan & Company had anything to do with it.

"Did you submit a copy to them (J. P. Morgan & Company)?" Pecora asked.

"I outlined it in a casual way to Mr. Arthur M. Anderson on the telephone."

Repeatedly, the witness conferred with counsel and aides, until Pecora said:

"Do you find it necessary to confer with any one?"

"I only had a subpoena to be here myself," Van Sweringen replied. "I had no knowledge of what was wanted. I can't carry the details of years in my head."

Bought Nickel Plate.

The railroad builder testified he and his associates in 1916 paid $8,500,000 for their original interest in the Nickel Plate, cash $2,000,000 with the balance deferred.

In return, he, his brother and other associates, including J. R. Nutt, now treasurer of the Republican national committee, obtained 25,032 shares of first preferred stock in the road; 62,750 of second preferred and 62,400 of common.

"Did you borrow $2,000,000 to pay the cash?"

Van Sweringen said as he recalled the money was provided by the formation of the Nickel Plate securities corporation and the sale of the stock.

Committee Undecided On Trend of Probe

WASHINGTON, June 5.—(AP)—The senate committee investigating J. P. Morgan and company failed today to reach a final decision on whether to inquire into the personal income tax returns of three partners in the famous banking house, Thomas S. Lamont, William Ewing and Harold Stanley.

Chairman Fletcher announced after an hour and a half discussion that the committee will meet again tomorrow to determine its course in this matter.

Meanwhile, the investigation will continue along other channels.

John W. Davis as counsel for Morgan had protested emphatically against the income tax questioning.

When the committee recessed Friday, Thomas S. Lamont—son of another partner, Thomas W. Lamont—had said he could not remember whether he sold certain stocks late in December 1930. He was directed to refresh his memory, pending today's committee consideration of whether Ferdinand Pecora, its counsel, should go into this angle.

Although officially excused, J. P. Morgan was on hand for resumption of the inquiry. New faces there were O. P. and M. J. Van Sweringen, Cleveland railroad operators ready for testimony on the Morgan Bank's part in formation of Alleghany Corporation, holding company for stock of their expansive rail interests. The three chatted until there was opportunity to resume the public hearing.

Morgan Partner in Wife Stock Deal

WASHINGTON, June 5.—(AP)—Members of the senate committee investigating J. P. Morgan and company said they were told in executive session today by Ferdinand Pecora that Thomas S. Lamont, young partner in the banking firm, sold stock to his wife which he later rebought in connection with his income tax return for 1930, but that the committee counsel did not claim it was illegal.

Pecora presented his case to the committee in executive session to determine whether it should go into the income tax question.

John W. Davis, Morgan counsel, told the committee there was nothing illegal about the stock transaction and argued the committee had no authority to go into it.

Pecora replied according to members, that he was not concerned with the legality, but that he wanted to show the practice so the committee and congress could decide whether tht income tax law needed remodeling.

Charles E. Mitchell, former chairman of the National City bank, is now on trial in New York for income tax evasion resulting from sale of stock to his wife, but in that case the government claims it was not a bona fide sale.

Ho[illegible] Refuses Grant Roosevelt Requested Power

WASHINGTON, June 5.—(AP)—In the first overturn of Roosevelt-recommended legislation the house today rejected the chief executive's request for authority to appoint a governor of Hawaii from the continental United States.

The resolution was brought up under a suspension of the house rules which requires a two-thirds majority for approval.

The resolution failed by a narrow margin of three votes, 232 having voted favorably and 116 against.

Democratic leaders plan to obtain special procedure from the house rules committee and bring up the measure under a rule requiring a majority only for favorable action.

The vote was greeted with loud cheering from the Republican side where opposition to the measure had centered on the contention it was not only opposed by the people of Hawaii but it was in violation of this country's obligations to the island under their treaty.

Additional Recruits For Sapling Army In City From East Texas

Thirty-eight members of the reforestation conservation corps of Tyler and surrounding towns, passed through the city shortly after 2 o'clock Monday afternoon, en route to Fort Worth, from where they will go to Fort Sill, Okla., for a two weeks training period.

They do not know where they will be assigned following the two weeks in Oklahoma.

A similar group of 42 passed through Corsicana last week en route to Fort Worth, thence to Oklahoma.
